SEED GROWERS
Randolph, Wis.

HENDERSON'S BUSH MUSK MELON

The Melon for Small Gardens. Requires Little Space. Ripens Early.

The fruits average five inches in diameter; vines are vigorous and healthy, resisting heat and drought better than most other varieties. The flesh is very deep, edible almost to the rind and is light green flushed with salmon towards the center; the seed cavity is very small.

The quality is superb, lusciously sweet and juicy, of most gratifying flavor and delightful aroma. Its vineless character of growth or "bush habit" is a distinct advantage as it saves space, thus permitting it to be grown even in small gardens. The plants are stocky and vigorous, growing from fifteen to eighteen inches in length, and three or four plants to a hill form a mound three feet in diameter, and will produce many delicious melons.

Pkt. 10c.; 3 pkts. 20c.; oz. 35c.

WATER MELON BABY DELIGHT OR CLIMBING

A real climbing Watermelon of luscious sweetness. The ripe melon weighs from three to six pounds each. The rich carmine flesh is always solid and of exceptionally sweet flavor. They have small apple-like gray seeds which separate easily from the flesh. The long vines are of vigorous growth, the heavy foliage nearly concealing the fruit.

The first melons mature early, but the strong vines continue to produce the attractive little melons in great abundance all season. This melon will become popular alike for the family table and for restaurants, both on account of its fine flavor and convenient size. There are absolutely no misshapen melons on the vines, all running uniform and marketable.

Pkt. 10c.; 3 pkts. 20c.; oz. 30c.; 1-4 lb. \$1.00 postpaid

CHICAGO PICKLING CUCUMBER

The most popular and widely grown pickling variety. The fact that it is used by most of the large pickling factories is the best proof of its leadership in this class. The vines are very vigorous growers and will produce a large number of fruits if gathered before they become too large. Skin is extremely thin, tender and free from toughness when pickled. Quality excellent.

Pkt. 5c.; oz. 15c.; 1-4 lb. 35c.

SPECIAL OFFER.

One pkt. of each of the
above for 20c.

CHICAGO
PICKLING

INTRODUCTION

An explanation as to the small size of this catalog is no doubt in order. Like all concerns who issue many thousand catalogs we are confronted with the extreme scarcity and high price of paper. We either had to cut down the size of our book or issue a small attractive book of the best vegetables and flowers.

We have spent much time and study in selecting the varieties herein offered and without a long list of doubtful kinds and you cannot make a mistake in ordering.

If you have not ordered seeds from us before we will state that our business has grown from the smallest beginning until today we supply seeds to every part of the U. S. and foreign countries. This is due to the fact that we endeavor to send out the very best seeds it is possible to produce and also the many kind words our customers speak to their friends about our seeds, it is our untiring effort to supply the best seeds at a reasonable price.

You will find our packets to be of generous size and liberally filled, in fact many of our customers write us that they contain much more seed than what they had been getting elsewhere.

By all means plant a garden this season as it will be a source of both pleasure and profit and go a long ways towards reducing the high cost of living, there is no comparison in quality between vegetables bought at a market stand and those taken fresh from your own garden.

We do not feel that our services end when we have filled your order, we want to assist you in every way so send a complete booklet of culture instructions free with every order and if you have any gardening problems do not hesitate to write us.

INSTRUCTIONS ABOUT ORDERING

Kindly use the order sheet enclosed with catalog. This will greatly facilitate the filling of your order.

Write plainly and you will be sure to have your order filled promptly and correctly. Be sure and sign your name and full address on every order and keep a copy of the same. If your freight or express office is different from your postoffice, give that also. This is important, as we cannot forward goods if we do not know where to send them.

..REMITTING MONEY—Cash should accompany the order. Remittance may be sent by Money Order, Bank Draft, Registered Letter or Personal Check. When money is sent by any of the above methods, the cost of remitting may be selected in extra seeds. Remittances sent in any other way are entirely at the sender's risk. Postage stamps will be accepted as cash for small amounts.

FREE DELIVERY—We deliver free to any postoffice in the United States all seeds except those on wholesale list, offered by the packet, ounce, quarter-pound, half-pint and quart. On seeds in larger quantities, purchaser pays transportation charges.

OUR RESPONSIBILITY—You are absolutely safe in sending your order to us. Any seeds that are not satisfactory upon arrival may be returned and your money will be promptly refunded.

10C CREDIT COUPON

As a special inducement for you to plant JUNG'S QUALITY SEEDS, this coupon will be accepted the same as 10c cash on any order for seeds in packets and ounces amounting to 40c or more.

J. W. JUNG SEED CO.

CABBAGE

Copenhagen Market

(See back cover)

An extremely early cabbage of unusual merit.. It matures as early as Wakefield and will give a much heavier yield per acre than that popular variety. The plant is short-stemmed, the heads being produced on the ground level. The splendid solid heads weigh as much as eight pounds each, are of exceptional flavor and show no signs of cracking. The type is thoroughly fixed, the heads all maturing at the same time. This cabbage has come to stay and will give satisfaction.

Pkt. 10c.; oz. 60c.; lb. \$1.85.

COPENHAGEN MARKET

Lord Leicester Peas

THE GIANT OF THE PEA FAMILY

This is one of the largest podded varieties in cultivation and also a sure cropper. We have grown it for six years and it has never failed to produce a good crop. The plant is of branching habit, growing about five feet in height, with dark green foliage. It is of very vigorous and robust constitution which enables it to withstand drought and mildew. The pods are produced in great profusion, mostly in pairs, some measuring 6 inches in length and contain 9 to 12 peas. You will be delighted to show your friends such enormous pods of peas which in addition to large size, combine rich and succulent flavor, not surpassed by any other variety. For quality it is superb, the peas fairly melt in your mouth.

Pkt. 16c.; $\frac{1}{2}$ pt. 25c.; pt. 46c.; qt. 80c.

DANISH BALLHEAD

Danish Ballhead Cabbage

A Grand Hard-Headed Cabbage

This type of winter cabbage has become very popular of late years on account of its **UNEQUALED KEEPING QUALITIES** as well as for the great solidity and weight of the heads. It is strong and vigorous in growth and produces large, round compact heads, exceedingly hard and solid, weighing when trimmed, fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauerkraut, etc., it is unequaled, being crisp, tender and sweet. It seems to grow well on all soils and under most conditions, withstanding hot, dry weather, and does not rust from the effects of wet seasons, neither do the heads burst.

Pkt. 10c.; oz. 50c.; $\frac{1}{4}$ lb. \$1.35.

Rapid Red Radish

(See back cover)

This we find to be the quickest maturing of all Radishes, having been grown in the short period of 18 days from the sowing of the seed fit for the table. However its earliness is not its only good feature as it is also of elegant shape, finest quality and a rich red color. Its attractive color and small tops make it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices, then plant "Jung's Rapid Red."

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.; lb. \$1.35.

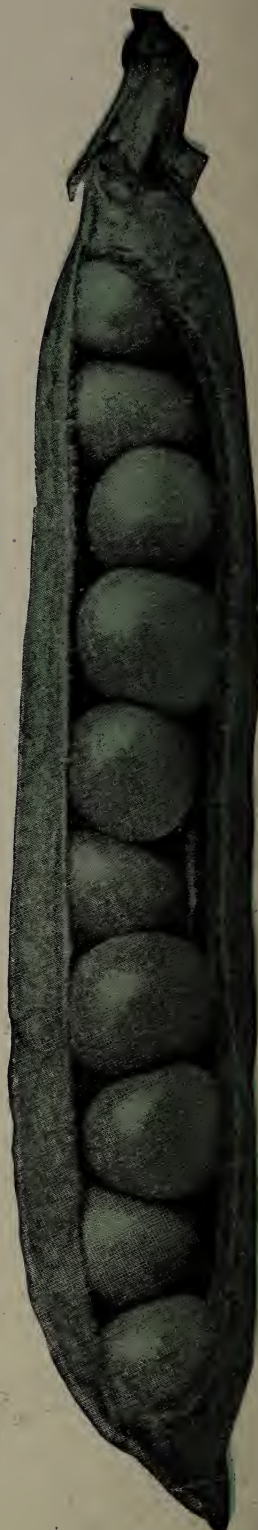

Jung's Wayahead Tomato

(See front cover)

Every seedsman claims to have the earliest tomato and we are continuously on the watch to keep in the lead. This new variety is as its name indicates "way-ahead" of any other variety so far introduced, ripening ahead of Earliana and our famous John Baer. It is of the heavy-leaf type a sure indication of vigor and quality. The fruits are bright scarlet in color and of good size for such an early variety they are smooth, ripen up evenly and are unsurpassed in quality. Every market gardener knows that the first tomatoes always bring the best prices and we feel sure that you will not be disappointed in this variety. Our stock is very limited. Not more than 2 pkts to a customer.

Pkt. 15c.; 2 pkt. 25c.

LORD LEICESTER

Bush Bean

Stringless Green Pod

This variety combines the following points: Extreme earliness, being the first to produce pods; unusual hardiness and great productiveness. The pods are from 5 to 6 inches long, very round, of a rich green color and entirely stringless. They are tender, brittle and of the finest flavor. It is without exception the finest green podded bean in cultivation.

Pkt. 10c.; $\frac{1}{2}$ pt. 20c.;
pt. 35c.; qt. 65c.

STRINGLESS GREEN POD

**You will make no
mistake by planting
Jung's Quality Seeds.**

JUNG'S STRINGLESS BLACK WAX

Jung's Stringless Black Wax

Absolute stringless at all stages. The merits of the old Rust Proof Bean are well known. This variety combines all the good qualities of the old variety and in addition the pods are entirely stringless. The strong plants bear an enormous crop of pods which are from 6 to 7 inches long and of a beautiful golden color. Pods are flat, very fleshy, tender and of finest quality. A splendid variety for both home and market gardens.

Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 75c.

Prolific Green Podded Pole Bean

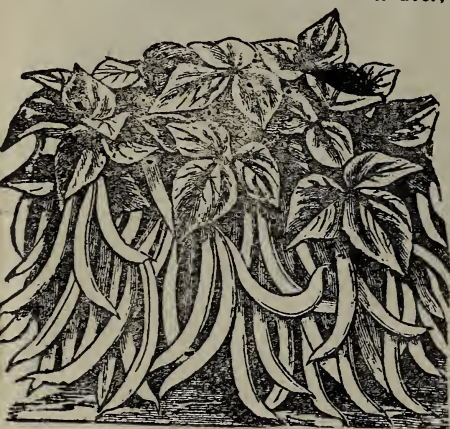

The best green podded Pole Bean in cultivation. It is earlier than most other varieties and covers a longer season of productiveness. The vines are vigorous growers, being loaded with pods from summer until frost. It is a very sure cropper, even in unfavorable seasons producing large crops. The pods, borne in clusters, average six to eight inches in length, are uniformly straight of a dark green color, and so meaty as to be nearly saddle-backed. The pods are entirely stringless, very tender and sweet and of a mild flavor. The dry beans are of a pearly whiteness. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 75c.

Bush Bean---Jung's Fairfield Wonder Wax

Without a doubt the finest Wax or Butter Bean ever introduced.

It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large, heavy foliage and bear an immense load of pods, which are from 6 to 9 inches long, one-half inch broad, and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 75c.

REFUGEE WAX Refugee Wax

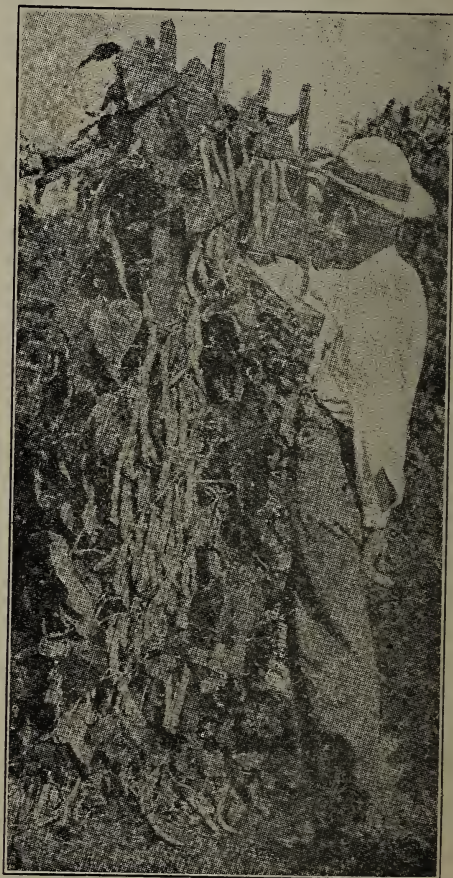

One of the heaviest yielding of all wax Bush Beans, also one of the surest croppers. Many times when all other varieties were a failure, Refugee yielded a heavy crop. It is a very hardy variety, having withstood frosts which seriously checked other varieties. The bushes are literally covered with fine transparent pods which are from 4 to 5 inches long, remarkably tender and brittle, as it has no strings whatever. Plant it once and you will want it every year.

ct. 10c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 65c.

POLE BEANS

Kentucky Wonder Wax

The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with almost a solid mass of pods from bottom to top. The pods are very large, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 75c.

KENTUCKY WONDER WAX

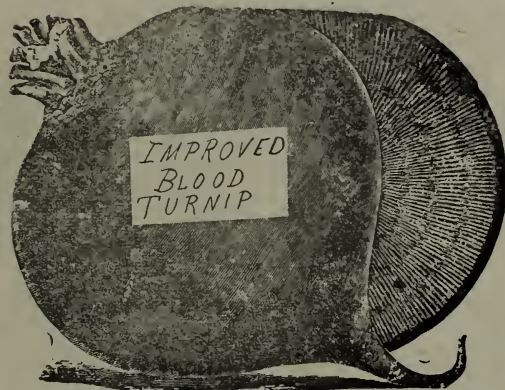

1200 TO 1 OR SNOWFLAKE BEANS

1200 to 1 or Snowflake BEANS

A highly improved and wonderfully productive Field Bean.

We sent out many thousand packets of these beans last year and are more than pleased to have so many favorable reports of its great yield and handsome appearance. Anyone growing dry or shell beans either for their own use or for market will make no mistake in planting seed of this great bean. It ripens early, yields immensely and is of the finest quality for either soup or baked beans.

Pkt. 10c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 60c. post-paid.

BEE—Improved Blood Turnip

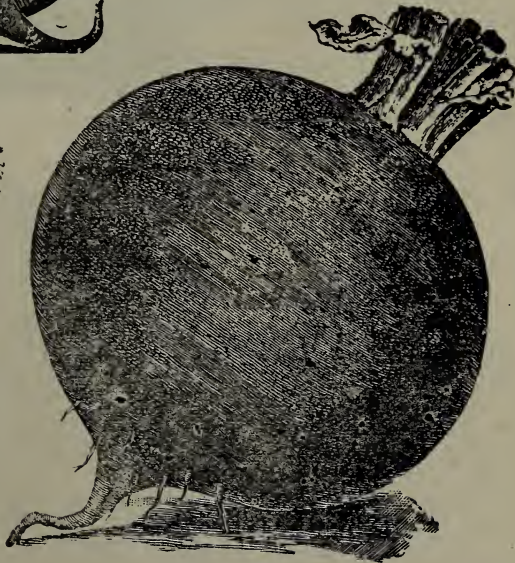

This is an improved strain of the popular Blood Turnip Beet. It is very early, of perfect globe shape and free from side roots. The flesh is a deep red color, fine grained, sweet and of a dark color when cooked. Tops are small and of uniform growth the leaves stem and veining being a dark red. It grows quickly and is of fine quality. Excellent for summer fall or winter use.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

Early Model

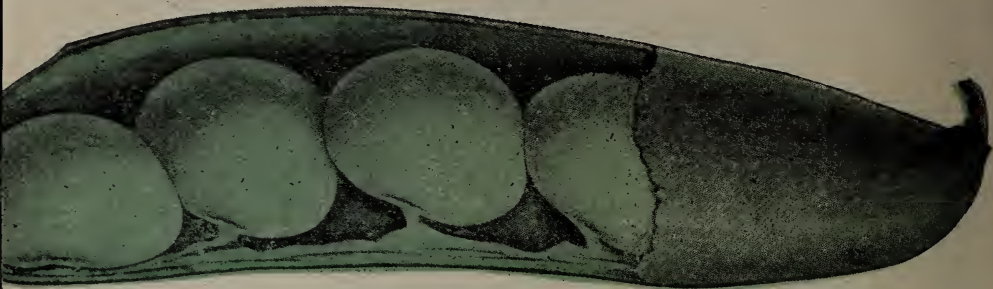

This splendid variety has attained perfection for table use. It is extremely early of perfect globe shape and finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. The roots of Early Model are of good size and run uniformly perfect almost round, with small dark crimson-colored leaves and a slim taproot. It makes a rapid growth and matures very early. In quality and color it is peerless; very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. It retains its choice quality and freedom from woodiness until the Beets have reached their full size.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

EARLY MODEL

Don't risk your garden by planting seeds of doubtful quality. Plant Jung's Seeds.

Wonder Bush Lima Bean

THE VERY BEST BUSH LIMA BEAN

A great improvement on Burpee's Bush Lima, as it is both earlier and more productive, the pods are borne more to the center of the plant. This is a great advantage, as the plants are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans.

Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 75c.

CABBAGE

Extra Early

Express

**POSITIVELY THE
EARLIEST CAB-
BAGE ON
EARTH**

It produces heads of good size a week to ten days earlier than Jersey Wakefield. There are few loose leaves and it forms a head of good size and fine quality. It can be planted close, always yields a large crop. A fine variety for shipping, as the heads remain solid for a long time. It is a beautiful appearing cabbage, being of fine color and general uniformity. Also called "Lightning" and other fancy names by some seedsmen.

Pkt. 10c.; oz. 35c.; $\frac{1}{4}$ lb. \$1.25.

Allhead Early

This variety has proved itself to be adaptable to a wide range of both soil and climate and is well worthy of recognition as a standard American sort. It is the earliest of all large cabbage and considerable larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any other variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so free from spreading leaves that fully one thousand more heads than is usual with large cabbage, can be grown to the acre. Seeds sown in July and plants set in August will produce good heads for wintering. It is a money maker for gardeners.

Pkt. 5c.; oz. 30c.. $\frac{1}{4}$ lb. \$1.00, post-paid.

**EXTRA
EARLY
EXPRESS
CABBAGE**

ALLHEAD EARLY

SHORT STEM DRUMHEAD

Short Stem Drumhead

This variety is uniform in heading and dwarf in growth. The heads appear to rest on the surface of the soil. It grows with little outer foliage, the leaves all folding in closely about the head which is very solid. It is a standard sort for winter keeping and sells readily in the winter and spring markets. With good cultivation heads attain a weight of 20 or 30 pounds and are of the finest quality.

Pkt. 10c.; oz. 30c.; $\frac{1}{4}$ lb. \$1.00.

Make a Garden this year.

Red Drumhead

This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from seven to eight inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality.

Pkt. 5c.; oz. 30c.; lb. \$1.00, postpaid.

Chinese or Celery Cabbage

Until recently this new vegetable was unknown, but as its good qualities became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly, and as the weather gets colder it heads nicely, producing crisp, celery-like stalks beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens.

Pkt. 10c.; oz. 40c.

CHINESE CELERY CABBAGE

CAULIFLOWER**Early Snowball**

For earliness and reliability to produce a head of good size and rich, white, curdy appearance, it is unequalled. It forms snow white heads, six to ten inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large late crops for fall use, being much finer in quality and the one cauliflower that is absolutely certain to head when conditions are ordinarily favorable. The heads are so solid, compact and deep, they will outweigh those of any other strain. There is a great difference in the strain of this variety offered but our stock is the very best.

Pkt. 15c.; $\frac{1}{4}$ oz. 75c.; $\frac{1}{2}$ oz. \$1.25; oz. \$2.25.

EARLY SNOWBALL

Jung's seeds will give you perfect satisfaction. There are none better. Our many satisfied customers are increasing rapidly.

SUGAR BEET—Klein Wanzleben

Best beet for sugar making and largely planted for that purpose; 18 tons of sugar have been made from 100 tons of these beets. Highly recommended as a winter food for milch cows. Much better in quality than Mangels for feeding purposes.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 25c.; lb. 80c., postpaid.

MANGEL**Mammoth Long Red**

The heaviest cropper. This Mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other Mangel, except it be the Half Long Sugar, making it most nutritious and milk producing. Sheep and other stock thrive better when fed on it, picking out pieces of it in preference to other kinds.

Oz. 10c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 70c.

**DANVERS
CARROTS**

Danvers

A handsome, half-long cylindrical, stump-rooted carrot of good size and of a rich, orange color. It grows to a large size, is smooth and the flesh very close in texture, with little core and a small tapering tap-root. It is a good carrot for all soils and under good cultivation it has yielded 25 to 30 tons per acre. It is very easily harvested. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

Chantenay

This variety is desirable in all respects. It is stump-rooted and therefore very easily dug. Roots are very smooth, fine in texture and of a beautiful orange color. For table use it is considered to be the best of all, both on account of shape and quality. Although this is a medium early sort, it furnishes roots of usable size as early as any other variety, is a heavy cropper and undoubtedly one of the best for both the market and private garden, while its great productiveness makes it very desirable as a field sort. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

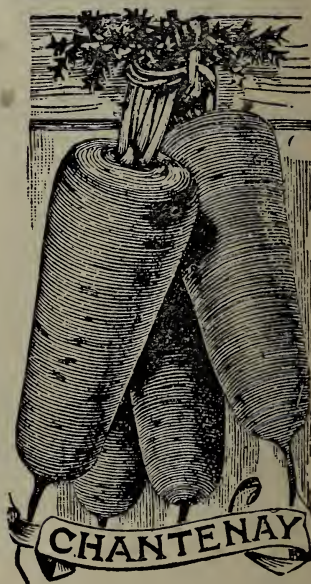

Large White Belgian

This is the heaviest cropping carrot grown, yielding more tons to the acre than any other sort. The flesh is white, crisp and solid and very sweet in flavor. The roots grow about one foot long and are heavy at the shoulder, making it easy to harvest. The roots frequently measure 14 to 18 inches in circumference and 18 to 25 tons per acre is nothing unusual. Farmers should grow some of these carrots for their stock.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.00.

MAMMOTH LONG RED

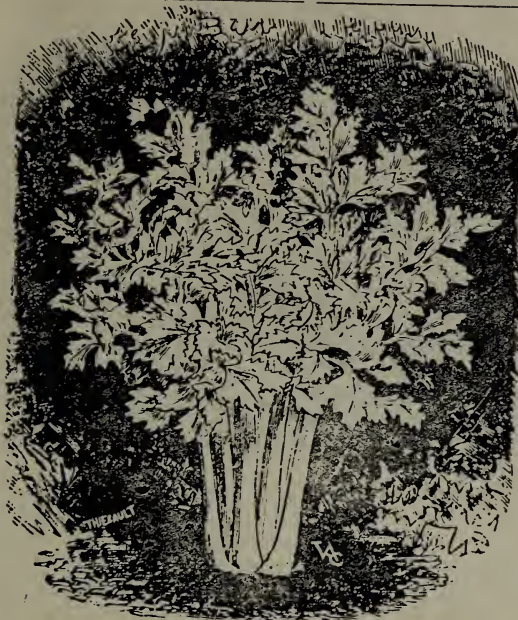

CELERY—White Plume

This is the earliest and most easily blanched celery. The plants grow rapidly and blanch easily during the summer months. Later in the fall the central stalks and leaves are of pure whiteness, even without earthing up; but stalks should be gathered together and earthed up as in the other varieties so as to produce close attractive bunches. For succulence crispness and quality, the White Plume is unequalled.

Pkt. 5c.; oz. 30c.

Book on Gardening Free!
With each order we send free a copy of complete cultural instructions on how to grow the finest vegetables and flowers.

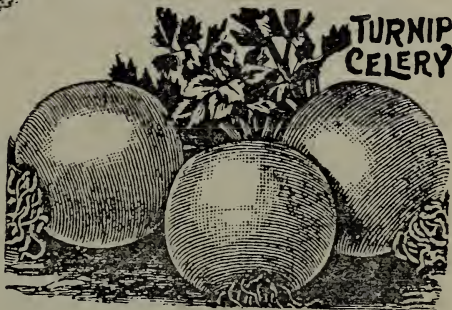

WHITE PLUME

TURNIP-ROOTED CELERY

This is an excellent vegetable. It produces large turnip-shaped roots which keep well for winter use. It is highly esteemed either cooked in the same manner as other vegetables, for flavoring soups, or sliced and used as a salad.

Pkt. 5c.; oz. 20c.

TURNIP
CELERY

**VINE PEACH**

A splendid novelty, very striking in color and a most wonderful yielder; of bright orange colored fruits about the size of an orange. Vines grow somewhat smaller than a musk melon. For sweet pickles and preserving they are splendid.

Pkt. 5c.; 3 pkts. 10c., postpaid.

SWISS CHARD

Plants grow two feet high and consist, when fully developed of about a dozen creamy white, attractive curled leaves. These leaves are carried on broad, thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach.

Pkt. 5c.; oz. 15c.

BRUSSELS SPROUTS

The Sprouts resemble miniature cabbages growing closely on the stalks of the plant. They are more tender and delicious than any cabbage. Hard frosts do not injure sprouts but improve them and they are left in the garden until desired for cooking. They are a delicacy not surpassed by the finest cauliflower.

Pkt. 5c.; oz. 20.

"LUCULLUS."
THE NEW
SWISS CHARD.

EARLY FORTUNE CUCUMBER

Early Fortune Cucumber

This variety is exceedingly productive and is distinguished by its vigorous growth and large healthy leaves, making it less susceptible to disease than other varieties. The fruits are very uniform in size and shape and rich dark green in color. This color does not fade when shipped a long distance. As a pickling variety, **EARLY FORTUNE** IS ONE OF THE BEST VARIETIES, as the fruits are so uniform.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

DAVIS PERFECT

Extra Early White Spine

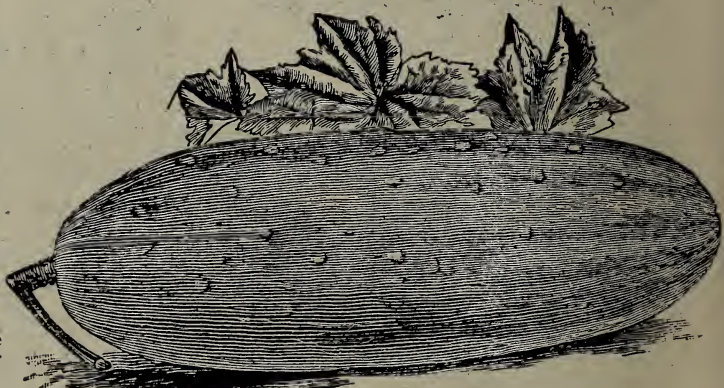

A dark green handsome cucumber often attaining a length of 12 inches and straight and attractive in shape. It makes a hard brittle pickle when small and a grand table variety when large. Excels in earliness, often ready for slicing when other sorts are only pickles. Vines are vigorous growers and bear large crops. It makes a valuable variety to plant for early market.

Pkt. 5c.; oz. 15c.;
 $\frac{1}{4}$ lb. 35c.

Davis Perfect

A cucumber which for shape, quality, color and forcing indoors, or growing outside is unexcelled. The type is perfectly fixed and has an ideal shape, being slim and symmetrical. The eating qualities surpass all other varieties. The seeds that are contained in it when it is in slicing condition are so small and tender that they are unnoticed. The vines are very strong and rampant growers, the fruit resembles the hot-house product so closely that dealers cannot detect the difference. The most nearly perfect **CUCUMBER** yet produced.

Pkt. 10c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

EXTRA EARLY WHITE SPINE

If you wish to purchase Wisconsin Pedigree Seed Corn, Oats, Barley, Clover and Timothy, or High Yielding Seed Potatoes, write for our Farm Seed Catalog. Its free,

Sweet Corn

Golden Bantam

The Best, the Largest, the Sweetest of all Early Corns, Retaining Its Delicate Tenderness Even When a Little Old.

This variety is pronounced the favorite because of its extreme early character, vigorous growth and surpassingly delicious flavor. It is the ideal garden Sweet Corn, with the richest flavor of all. Besides being early it is very hardy and permits of the earliest planting. The ears are from 5 to 7 inches long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by every one admitted to be the finest flavored Sweet Corn. The small stalks can be planted closely together. For productiveness and quality it leads all varieties.

Pkt. 10c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 65c., post-paid.

Howling Mob

The largest eared, sweetest flavored early variety in cultivation.

This variety is of exceptional hardiness and productiveness. It produces ears of large size combined with an unusual sweet flavor for so early a corn. The stalks are strong and vigorous, four to four and one-half feet high. The ears are seven to nine inches in length, with 14 or more rows of medium sized pearly

white grains. The grains are sweet and rich in flavor. The ears are protected by a heavy husk which extends beyond the tip of the ear and forms a safeguard against the destructive green worm.

Pl.t. 5c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 60c.

White Evergreen

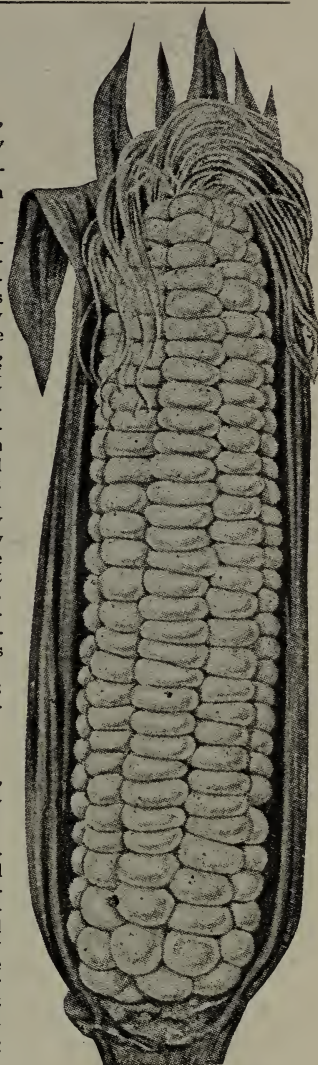

The Leading Late Variety of Sweet Corn

The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features, with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers, from six to seven feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk.

Pkt. 5c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 60c.

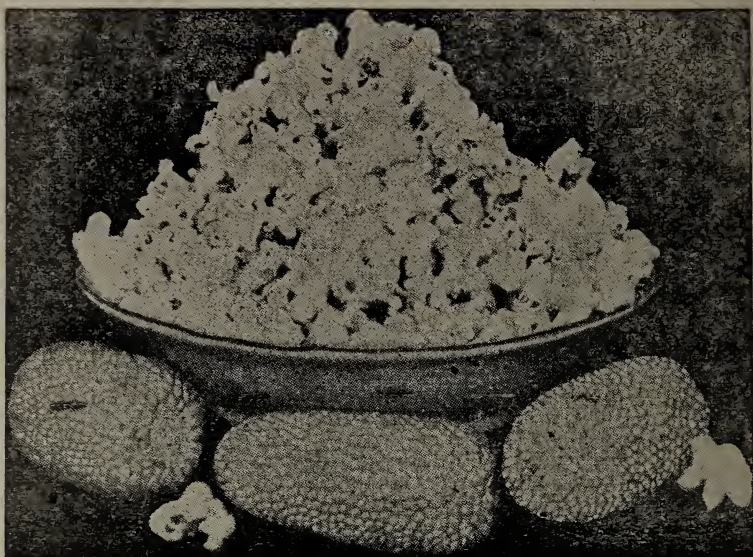

HOWLING MOB

GOLDEN BANTAM

WHITE EVERGREEN

POP CORN—Bantam Rice

The Bantam Rice is a dwarf growing corn, a heavy yielder of attractive ears which are very thick and yield an unusually large quantity of shelled corn. The kernels are similar to the best strains of White Rice, only they are longer and slimmer and pearly white in color.

Its greatest merit, however, lies in its superior popping qualities, there being hardly any hull or shell when popped.

It is most tender and delicious when popped as it fairly melts in your mouth.

It combines both quality and quantity, being a heavy yielder and superior to any other variety in quality. Try it once and you will not be without it again.

Pkt. 10c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 60c., postpaid.

KOHL RABI Purple Vienna

This vegetable is grown for its turnip-shaped bulb which is grown above the ground. Excellent for soups or cooked in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor.

Pkt. 5c.; oz. 20c.

THE EARLIEST

PARSLEY

PARSLEY—Moss Curled

The leaves are of an extra dark color. It is very productive and on account of its densely curled character a large quantity can be gathered in a short time. It is much used for flavoring and garnishing.

Pkt. 5c.; oz. 15c.

PEANUTS

Early Virginia

This splendid variety is very desirable because so early and prolific. It grows perfectly erect. Planted in April they ripen in August and will mature a good crop before frost. It is in every particular a very satisfactory variety to grow. Can be grown in the north.

Pkt. 5c.; pt. 25c.; qt. 45c. By express, qt. 35c.

VICTORIA SPINACH

SPINACH—Victoria

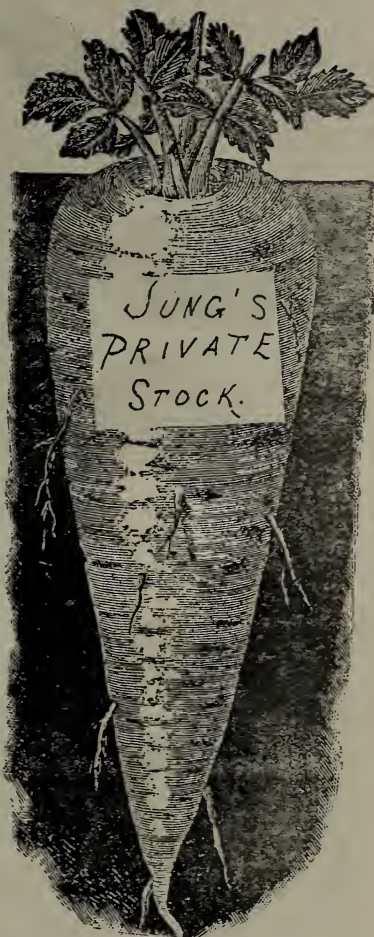

One package of Spinach will sow about 50 feet of rows. This is a handsome variety with exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark leaves being of a true savoy appearance and of the finest quality. It remains in prime condition for 2 or 3 weeks.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 25c.; lb. 80c., postpaid.

PARSNIP**Jung's Private Stock**

This is a highly improved type of the Half-Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulder, well rounded, gradually tapering to the base, so that they are easily dug, and if grown in properly pulverized soil the roots will be smooth and free from side roots and wrinkles. The flesh is white, of fine texture, free from core and stringless and especially fine flavored, cooking tender, sweet and rich.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.00.

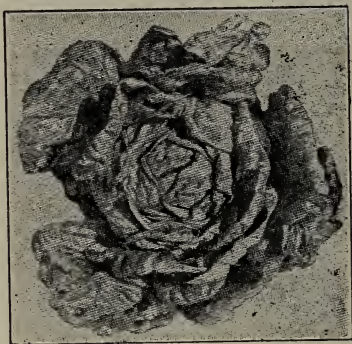

**WATER MELON—Kleckley Sweets**

There probably is no watermelon superior in quality to a good strain of Kleckley Sweets. The bright red flesh is the ideal of watermelon quality—firm, crisp, entirely free from stringiness and “sweet as sugar.” The melons are oblong in shape, about 20 inches long by 10 to 12 inches in diameter. The rind is dark green, thin, brittle, and for this reason is not a good shipper for distances over 100 miles, but for home use or close markets it is in a class by itself. Our seed is an extra select strain. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 25c.; lb. 85c., postpaid.

Big Boston Lettuce (Special Stock)

This is a fine forcing variety for cold frames during the winter months, as it produces heads of large size, often 10 to 12 inches across, and succeeds better in a cooler temperature than most forcing strains. The large heads are beautifully blanching and of superior quality. It heads well also in the open ground during the cool weather of spring and fall, and is very popular in the south for shipping north. Our seed is the choicest it is possible to produce. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

EARLIEST WAYAHEAD

Earliest Wayahead

This is the quickest growing and most attractive extremely early Lettuce, producing handsome, solid heads fully one week earlier than Black Seeded Tennis Ball. Its earliness makes it the ideal variety for market gardeners, as the early heads always bring the best price. Its quality is unsurpassed, the heads are very solid and have weighed six ounces when trimmed. The interior of the heads is blanching to a beautiful creamy color, while the leaves are tender, juicy and sweet-flavored. The quality of this variety is unequalled among the early sorts.

Pkt. 10c.; oz. 20c.; $\frac{1}{4}$ lb. 45c.; postpaid.

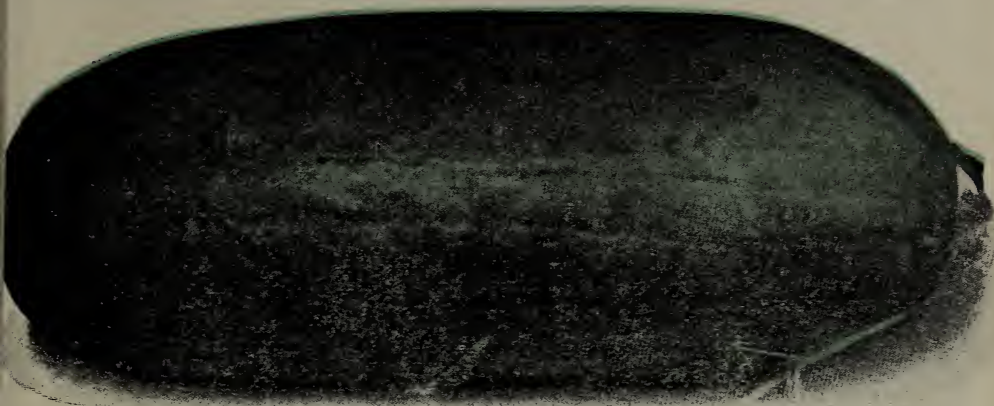

Jung's All Cream

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early, and remains for weeks. It is the cream of all sorts should be grown in every garden.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

JUNG'S ALL CREAM

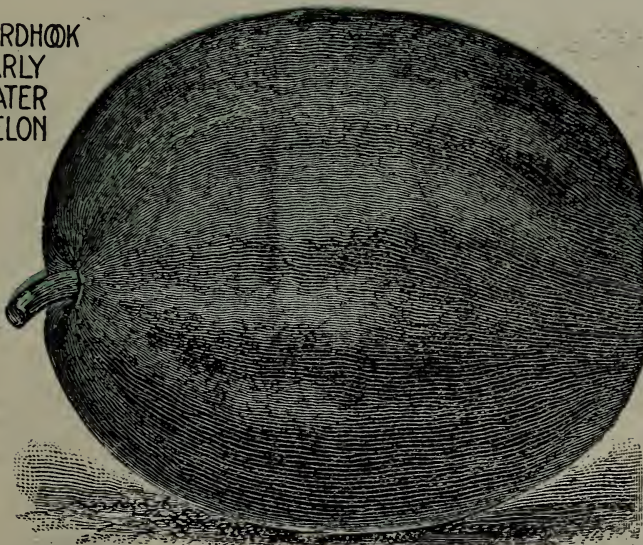

Halbert Honey Water Melon

The very finest melon in cultivation for home use or nearby markets.

A melon that has no equal in beauty, quality and productiveness. The melons are smooth and regular in outline, 14 to 18 inches long and 6 to 8 inches in diameter. Color of the rind is a clear, glossy deep green. The flesh is a beautiful crimson, extending to within less than half an inch of the rind, which is so tender that it will not stand shipping a long distance unless carefully handled. The first melons ripen early and the vines continue to develop fine fruit throughout the season. The sweet flesh melts away in your mouth like honey. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 25c.

FORDHOOK EARLY WATER MELON

Early Fordhook

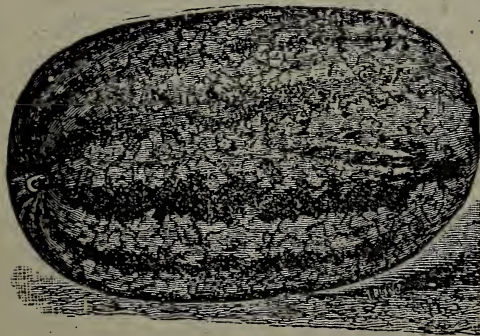

This is the only extra early watermelon we have that is of good size and quality. The fruits are of large size, rather short and blocky in form with large diameters. Flesh is bright red, crisp, sweet and of splendid quality. The vines are of strong, vigorous growth, setting large melons in good numbers. Skin is dark green, occasionally with faint stripes of light green.

Pkt. 5c.; oz. 15c.;
 $\frac{1}{4}$ lb. 30c.

Dixie

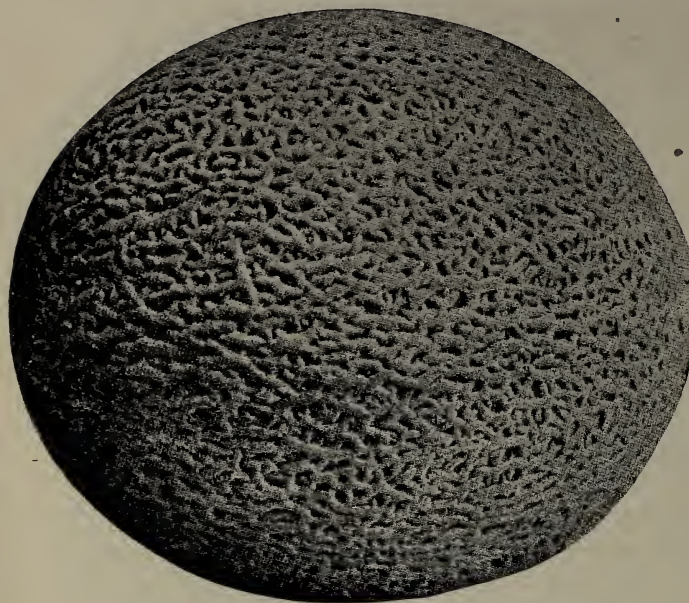

A Water Melon of highest quality and value. The size is large, specimens of 50 pounds being not infrequent. Flesh is scarlet, very fine and extra firm. The variety is the most prolific known often producing six to eight melons on a single vine. The vines root at the joints and thus become more drought resisting and vigorous.

Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 20c.

DIXIE

Plant a garden and help reduce the high cost of living.

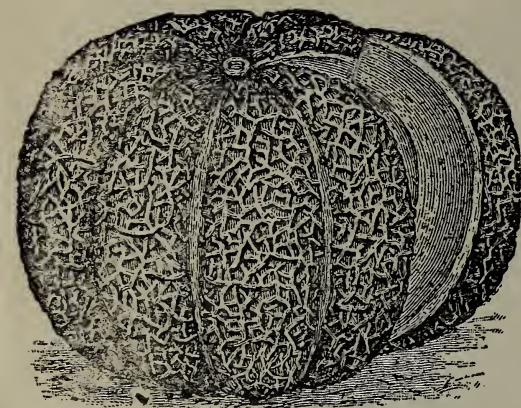

POLLOCK NO. 25

MUSK MELON**Pollock No. 25**

Recognized as the most desirable salmon-fleshed melon for shipping.

Being rust proof makes it all the more desirable. This is an early melon of the solid netted type which makes it so desirable as they will arrive in first class condition for long distance shipping. Very small seed cavity with thick, luscious flesh of true salmon tint. Pkt. 10c.; oz. 20c.; $\frac{1}{4}$ lb. 45c.; lb. \$1.50

Have your friends order with you. For your trouble we will send some very choice seeds free.

EXTRA EARLY HACKENSACK

New Fordhook

The finest flavored and sweetest Musk Melon in cultivation. Fully equal to Emerald Gem in flavor. So firm is the rough netted skin and so solid the thick salmon flesh that the melons carry to market even better than Emerald Gem. The flesh is very thick, of an attractive deep salmon color and unsurpassingly sweet to the very rind. The flesh is not only very thick but also extremely solid. The rind, although thin is usually firm, so that the fruits carry well to market. It is most vigorous in growth, very early and extremely prolific. Each vine sets from five to nine melons around the stem and frequently touch one another. The melons are very even in size, weighing from $1\frac{1}{2}$ to 2 pounds each. For handsome appearance, extreme earliness, great productiveness and superb earliness. it is unexcelled. Be sure to give NEW FORDHOOK a trial. Pkt. 10c.; oz. 20c.; $\frac{1}{4}$ lb. 40c., postpaid.

Extra Early Hackensack

This is a selection of the popular Hackensack, but ripens fully ten days earlier. A bountiful yield and one of the most extensively grown of all Musk Melons. It is a large round variety, flattened at the ends, well ribbed and deeply netted. The flesh is green, inclining towards yellow at the center and of the most delicious flavor. Fruits attain a good size and vines make good strong growth and bear abundantly, a good shipper. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

NEW FORDHOOK

AILSA CRAIG—The Giant Onion

The largest Onion in cultivation. Has taken more first prizes than any other onion.

We offer a very choice strain of this popular Onion, which on account of its great size is in great demand, specimens have been grown weighing three pounds. It is a good keeper and is much liked for its mild delicate flavor. The skin is of a handsome straw color, flesh white and tender. It is a good keeper for such a large onion. If you want to grow big onions plant Ailsa Craig.

Pkt. 10c.; oz. 25c.; $\frac{1}{4}$ lb. 75c.; lb. \$2.75, postpaid.

LARGE RED WETHERSFIELD

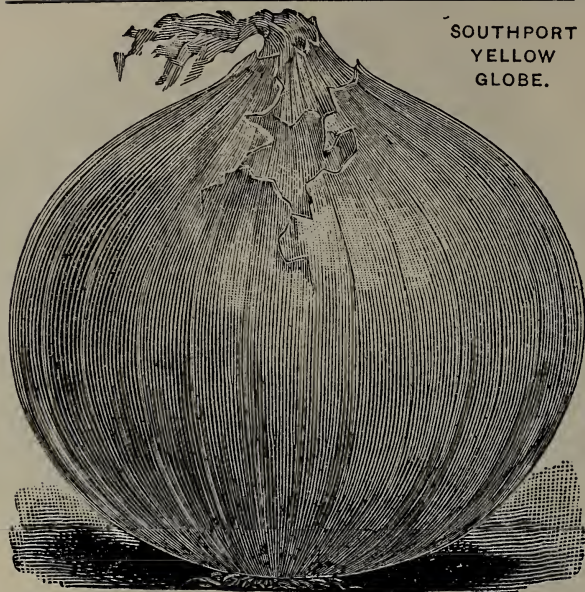

riety for poor or dry soils. You will make no mistake by giving this variety a trial.

Pkt. 10c.; oz. 20c.; $\frac{1}{4}$ lb. 60c.; lb. \$2.25, postpaid.

LARGE RED WETHERSFIELD

The most popular red variety. It is very productive, having yielded over 1000 bu. per acre. It is not an early ripening sort, but continues in growth throughout the season and consequently makes a very large onion, the bulbs are large though flattened somewhat, as shown in the illustration. The outer skin is a deep purplish red with flesh white, slightly tinged with rose. It is a fine keeper, suitable for late winter markets. The flavor is good and mild, admirable for boiling. The best va-

When you order Jung's Seeds you may rest assured that you are getting as good seeds as it is possible to purchase.

SOUTHPORT
YELLOW
GLOBE.

ONIONS

SOUTHPORT YELLOW GLOBE

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 100 bushels per acre. The onions are models of perfection, growing uniformly deep and globular in shape, veritable globes of gold, and extra large, averaging nine to ten inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white firm, mild and juicy. The small necks enable the onions to ripen down evenly, insuring good keeping qualities. Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 65c; lb. \$2.25

SOUTHPORT RED GLOBE

A handsome onion of immense size, averaging from 9 to 10 in. in circumference, solid, heavy and of perfect globe shape. The skin is a glossy, deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 100 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, solidity, brilliant rich color and typical globe shape, with small necks thus insuring thorough and regular ripening and curing. Pkt. 10c; oz. 20c; $\frac{1}{4}$ lb. 65c; lb. \$2.25

SOUTHPORT WHITE GLOBE

Without any exceptions the finest of all white onions. Very similar to the above except in color.

Pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. \$1.00.

SOUTHPORT RED GLOBE

PRIZETAKER

The King of all Yellow Globe Onions. This is one of the largest onions in cultivation. It is a large beautiful Spanish variety so often seen in the fruit stores and markets of the large cities. Bulbs are nearly globe shaped, with a bright straw-colored, growing to an immense size the first season from seed. They ripen up without stiff-necks and present a very handsome appearance. The flesh is pure white, fine grained, delicious and mild in flavor; fine for fall and early winter use. In the markets they attract special attention and sell rapidly at good prices. Pkt. 10c; oz. 25c; $\frac{1}{4}$ lb. 65c; lb. \$2.40.

A book of Culture Instructions Free with every order.

ONION SETS

The planting of Onion Sets is increasing rapidly year after year. By planting sets you can have onions ready for use several weeks earlier than can be had from seed. Write for special prices if wanted in large quantities.

RED BOTTOM SETS

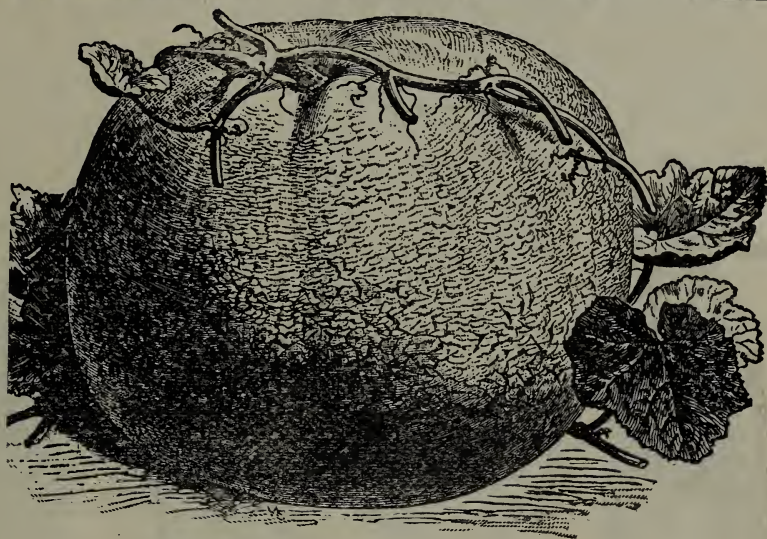

These are planted to produce both early green and late eating onions. Pt. 15c; qt. 30c; postpaid.

YELLOW BOTTOM SETS

Produced from seed which makes the finest yellow sets. Fine and dry medium in size and unsprouted. Pt. 20c; qt. 30c, postpaid.

WHITE BOTTOM SETS

These are small, solid and of a brilliant white color. A favorite variety in private and market gardens. Pt. 20c; qt. 35c. postpaid.

TRUE MAMMOTH PUMPKIN

The largest Pumpkin in cultivation. This is a true Mammoth Pumpkin. Fruits grow to enormous size; specimens have been grown weighing 100 pounds and over. The skin is a light yellow russet color; flesh very thick; bright yellow fine grained sweet and tender and of excellent quality for pies. If you wish to see just how large a pumpkin you can raise try this variety. Pkt 5c; oz. 15c; 1/4 lb 40c; lb. \$1.30

LUXURY PIE

This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about ten inches in diameter, almost globe shaped and ripens early. The skin is finely netted and in color a beautiful golden-russet, which is a sign of finest quality. The flesh is very thick, sweet and sugary; tender and of fine flavor and deep golden in color. An excellent keeper for winter use.

If you want some delicious pies for Thanksgiving day plant LUXURY PIE. Pkt 5c; oz. 15c; 1/4 lb. 35c.

A
S**EARLY EXCELSIOR**

The leader of the early dwarf wrinkled Peas. It grows to a height of about twelve inches; of compact growth, being similar to Nott's Excelsior in this respect, but superior to it in the following particulars:

First—The vines are more dense and sturdy. Second—The peas and pods are decidedly larger, measuring from $3\frac{1}{2}$ to 4 inches in length and contain from 6 to 8 large peas of delicious quality and is a much surer cropper. It is also very early; the past three seasons it was ready for use in 45 days after sowing.

One of our most valuable **EARLY PEAS**, surpassing in earliness, yield and quality.

Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 75c.

JUNG'S ARISTOCRAT

This grand pea produces pods of good size and is such a good cropper that it should be planted in every garden. The vines are of a rich green color, very stocky in growth, from 16 to 18 inches tall and do not require brushing. The pods are borne in great profusion and mostly in pairs and are closely packed with peas, which are sweet, tender and of exquisite flavor. They remain fit for use for a long time and retain their dark green color when served. Pkt. 10c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 60c.

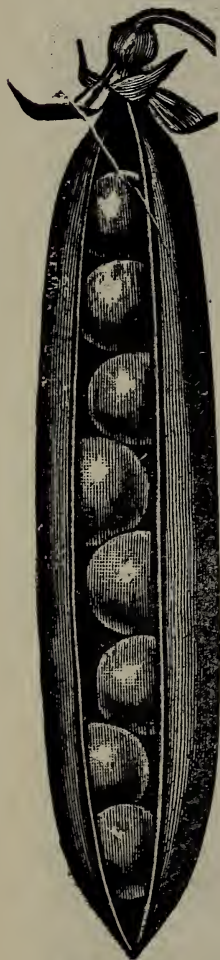

BRITISH WONDER

The Sweetest Flavored Pea in Cultivation.

Even sweeter in flavor than either Gradus or Thomas Laxton. The growth is similar to Carter's Daisy, except that the foliage is a darker green and the pods are not as sharply pointed. It is, however, much more reliable, and it is a **SURER CROPPER**.

The vines are very stocky, 18 to 24 inches high, and are well supplied with dark green foliage. Pods are produced in the contain from 8 to 10 large dark green peas each, which are of a greatest profusion, measuring about four inches in length and most luscious flavor.

Pkt. 10c.; $\frac{1}{2}$ pt. 20c.; pt 35c.; qt. 70c., postpaid,

ARISTOCRAT

BRITISH WONDER

PEAS—Continued

DWARF TELEPHONE

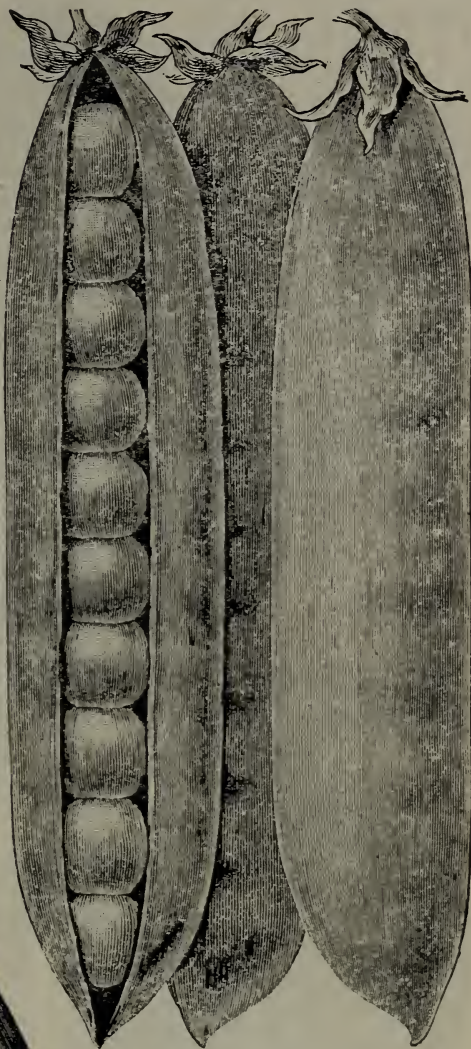

Giant Pods. Luscious Quality.
Immense Yield.

This is one of the finest dwarf green wrinkled Marrow Peas in cultivation and one that ought to be grown in every garden. A strong luxuriant growing variety, attaining a height of about 18 inches. The pods, which grow five inches long, are packed with immense, wrinkled Marrow Peas, 7 to 8 being the average, while 10 to 12 to a pod are frequently found. The quality is superb, rich, sugary and meltingly tender. As high as 18 large, handsome pods have been grown on a single plant. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 75c., postpaid.

SPECIAL OFFER OF
GARDEN PEAS

To have a continuous supply of delicious peas plant Early Excelsior, Jung's Aristocrat and Dwarf Champion.

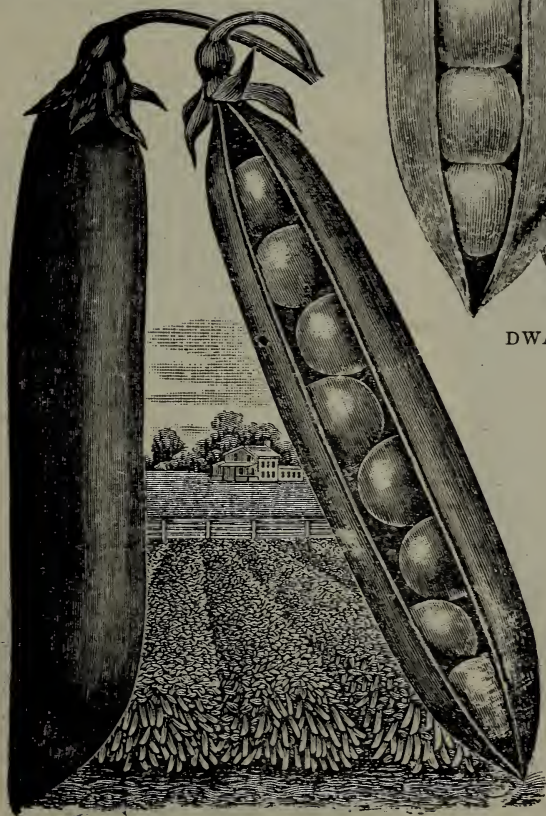

- 1 pkt. of each for 20c.
- $\frac{1}{2}$ pt. of each for 50c.
- 1 pint of each for 90c.
- 1 qt. of each for \$1.75.

DWARF TELEPHONE

DWARF CHAMPION

The quality and productiveness of the old Champion of England is well known among all the gardeners, but the one great fault was the long vines. In this variety you have the large pods, superb quality and immense productiveness of the old variety, but a stocky vine that does not require brush. The vines grow only about 18 inches tall and are very healthy, never failing to yield a heavy crop of giant-sized pods. Pkt. 10c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 65c., postpaid.

DWARF CHAMPION

We pay the postage.

PEPPER

EARLY NEAPOLITAN

The earliest sweet, large red pepper. Immensely productive and so extremely early, this grand new Pepper is of exceptional value to market gardeners. Fruits average four and a half inches in length by two to two and a half inches in breadth at the stem end, retaining the thickness to a good portion of the length. After reaching full size the green fruits change to rich scarlet and have quite thick flesh of a very mild, sweet flavor. Single plants will grow from 35 to 50 Peppers of marketable size and at one time. Pkt. 10c; $\frac{1}{2}$ oz. 25c; oz. 50c

SWEET UPRIGHT

EARLY NEAPOLITAN
GOLDEN QUEEN

Golden Queen is the best of all Yellow Peppers. It is always large and sometimes remarkably so, specimens reaching six to ten inches in length and four to five inches in diameter are not uncommon. A single plant sometimes carries **Twenty Large Peppers at the Same Time.**

SWEET UPRIGHT

The best Pepper for the family garden and unequalled for market. It produces fine, large fruits of nearly square or blocky form, with exceptionally thick flesh of the mildest and sweetest flavor. The plants are of sturdy, erect growth; fruits are borne stiffly erect and form at each of the branches; they are very broad, divided into four lobes and when fully ripe are deeply indented at the blossom end. The color when ripe is a rich, glowing scarlet, both in the thin tender skin and in the unusually thick flesh. The flesh is as crisp and sweet as an apple. It ripens early; the fruits are large weighing from six to seven ounces each. Pkt. 10c. $\frac{1}{2}$ oz. 50c; $\frac{1}{4}$ lb. \$1.50.

GOLDEN QUEEN

The flavor is mild and pleasant and it may be eaten raw. It is unexcelled for stuffing. Pkt. 10c; oz. 45c.

Radishes

We take much pride in our select strains of Radish seed. The bulk of it is grown in Denmark and you will find that this seed will produce Radishes with milder flavor and less leaves than the cheap California grown seed.

EARLIEST SCARLET

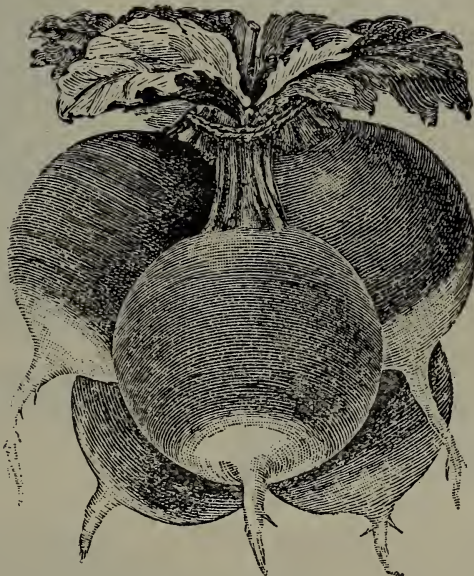

A fine, bright red Radish of quick growth. It is especially fine for bunching for early market from plantings in the open ground, being ready for market in from 13 to 25 days. It is solid in character and very uniform in size and shape. The tops are very small, thereby making it the best of all for forcing under glass. The flesh is purest white, firm and crisp in texture and of mild flavor. The roots are entirely free from the hollow center or pithy fibre so often found in Radish. The shape is well shown in the illustration. Pkt. 5c: $\frac{1}{4}$ lb 35c: lb. \$1.00

EARLIEST SCARLET

PERFECTION

The most attractive white-tipped radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white-tips extend nearly half way up the root, and the brilliant color of the top shows up in strong contrast. For quality it is unexcelled, as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 5c: oz. 15c: $\frac{1}{4}$ lb 30c.

PERFECTION

NEW WHITE ICICLE

Long, slender, crisp, tender mild and of purest white. Unexcelled as a money maker. An entirely distinct variety from Europe and derives its name from the almost transparent whiteness of the roots. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about four inches long and are ready for use in about 25 days after sowing. It is a desirable variety for the home garden, and market gardeners will find it a money maker. Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb 30c. lb. \$1.00.

WHITE ICICLE

EARLIEST HAILSTONE RADISH

The earliest and quickest growing White Radish in cultivation.

Ready for use from 15 to 18 days after sowing. The radishes are regular shaped, measuring one inch in diameter and about half an inch in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small, and owing to this fact, combined with extreme earliness, solidity and superb quality, cannot fail to make it the most popular first early white Turnip Radish.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.00.

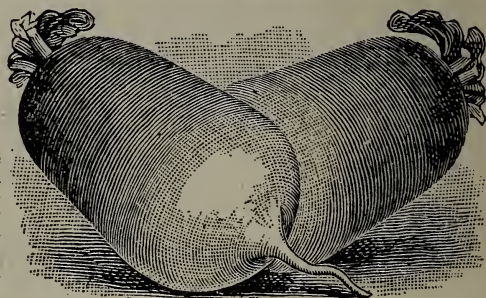

CHINESE ROSE WINTER RADISH

This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh white, solid as an apple. It has not the strong flavor of the black Spanish and keeps equally as well. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.20.

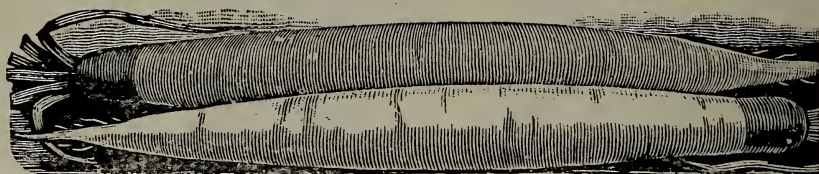

SALSIFY—MAMMOTH SANDWICH ISLAND

One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether served boiled with butter or other suitable sauces, or sliced and fried or used in soup. The new variety is superseding the old type as it produces roots nearly double the size and weight and of equally good quality.

Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

CHINA ROSE WINTER

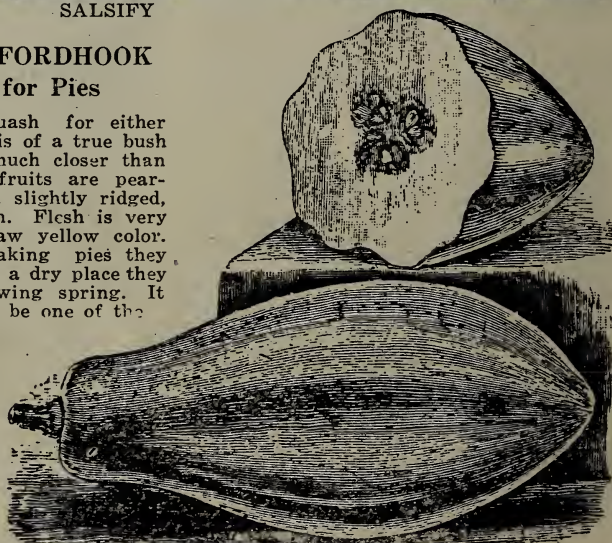

SALSIFY

SQUASH —BUSH FORDHOOK

The Best of All for Pies

The most desirable squash for either summer or winter use. It is of a true bush type and can be grown much closer than the running sorts. The fruits are pear-shaped, 7 to 9 inches long, slightly ridged, a smooth thin, yellow skin. Flesh is very thick and of a light straw yellow color. For frying, baking or making pies they are unsurpassed. Stored in a dry place they will keep until the following spring. It is early and has proven to be one of the hardiest and most dependable squash for all localities. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1., postpaid.

The cost of good seeds is very small when compared to the resulting crop.

BUSH FORDHOOK

Banana Squash

**RIPENS EARLY, ENORMOUSLY PRODUCTIVE,
FINEST QUALITY, GOOD KEEPER**

This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is even better quality, more prolific and earlier in ripening. The color is grayish-green, shell soft, so that it can be cut with a knife. It grows from 18 to 30 inches long and six to eight inches in diameter. It is very prolific and a shy seeder, which accounts for the high price of the seed. Flesh is of deep orange color, entirely free from fibre or stringiness. Cooks up perfectly smooth and of most delicious flavor. Pkt. 10c.; oz. 25.; $\frac{1}{4}$ lb. 50c.

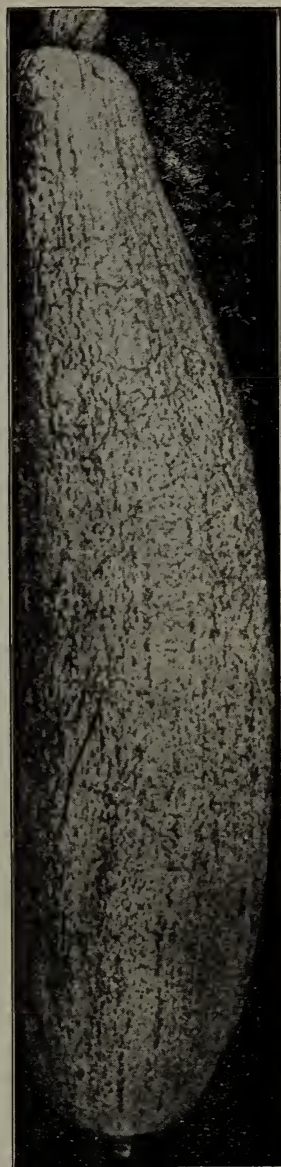

Golden Hubbard

An elegant Winter Squash. Flesh is a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color, and shape, are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known old Hubbard which it closely resembles in every respect except color, which is a bright golden orange. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c., postpaid.

GOLDEN HUBBARD

**A book on Making Gardens will be
sent free with every order.**

BANANA SQUASH

Improved Hubbard

This is the old standard Squash now grown through out the country. Flesh is deep golden yellow and fine grained and whether boiled steamed or baked, it is always richly flavored, sweet and dry. The vines are strong, of luxuriant growth and very productive, yielding large, heavy squashes, weighing from 10 to 25 pounds each. The color of the rind varies somewhat, but the color and quality of the flesh is fixed and unchangeable—always a deep golden yellow or orange. If properly stored it will keep until spring. Pkt. 5c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.60.

IMPROVED HUBBARD

GROUND CHERRY True Yellow

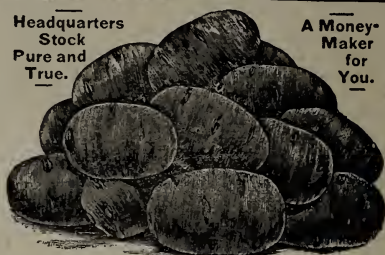

The introducer says: "It is very good for canning, preserving and pies. Dried in sugar as raisins or figs, they are excellent; handsome yellow color and will keep until January. Produces fruit of strawberry flavor in great abundance, from 1 to 2 inches in diameter; highly prized." Per pkt. 5c.; 3 pkts. 10c.

"Jung's Private Stock"—JOHN BAER TOMATO

We are offering seed of our own growing, which for earliness, freedom from all disease, great productiveness and solidity of fruits, is unexcelled.

Here are a few reasons why you should plant this excellent variety:

1. It is the quickest to ripen.
2. It produces the smoothest fruits of any extra early variety.
3. It is enormously productive, bearing throughout the season.
4. The fruits ripen evenly up to the stem; no cripples, cracked, blighted or wrinkled fruit. A very good shipper, as it will not burst.
5. It is of the most brilliant red color and the flavor is deliciously sweet.
6. It produces an enormous crop, 50 to 100 fruits to each plant.
7. In shape and form exactly like the photograph.

Market gardeners, with whom earliness is a great factor, will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruit, than seed grown further south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt. 10c.; ½ oz. 40c.; 1 oz. 75c.; lb. \$6.00, postpaid.

MAGNIFICENT—The Best Main Crop Red Tomato

It has been tried in various climates and different soils and always came out successfully. It is different from all other Tomatoes in the following particulars:

1. The plants root well from the very beginning of their growth.
2. As the result of this strong growth of root, there is a large and vigorous growth stalk to support the weight of the fruit.

JUNG'S PRIZETAKER TREE

3. As the result of the strong stalk, spreading branches produce a great abundance of fruit from each plant.

4. The fruits are large, solid and smooth, easily prepared for market on account of its perfection.

5. The plants are hardy, can be set out and not be injured by the cold if protected from frost.

6. The fruits ripen early and the later fruit on the vines is just as large and perfect as the first.

The color is a bright red; skin always smooth, free from all cracks and blemishes, and the flesh is of exceptional fine flavor.

Pkt. 10c.; oz. 45c.; $\frac{1}{4}$ lb. \$1.30, post-paid.

Jung's Prizetaker Tree

**Extra Early and Large Fruits.
Enormous Yields. Bright Red.**

The best variety for the home garden. It is the largest fruited dwarf or tree Tomato. The plants grow to a height of about two feet and are stiffly erect until they become overloaded with fruit, which is produced in clusters of three to five, and as the growth is close-jointed, each plant produces a large number. The Tomatoes are of large size and are smooth and solid. Fruits have a solid, meaty center and no hard core and produces but very little seed. We consider the PRIZETAKER invaluable for the home garden or shipping purposes. Pkt. 10c.; oz. 40c.; $\frac{1}{4}$ lb. \$1.40.

What Our Customers Say:

We are publishing a few of the many unsolicited testimonials which we received from our customers. It shows very plainly what people think of JUNG'S SEEDS and our only regret is that we have not room to publish them all.

I tried your seeds last year with that of two other firms and must say I was pleased, everything grew so nice. Am getting all my seed from you this year.

—Mrs. James B. Sivret, Randolph Center, Vt.

Glad to inform you that the seeds I had from you last were some of the best I ever used.

—Allan Noel, Grand Falls, Newfoundland.

Your Lord Leicester Peas are the best in the world, I have planted them for two years.

—Hattie Collier, Mariba, Ky.

The seeds are fine and am pleased with the nice large packets.

—H. N. Cassidy St. Lawrence, S. Dak. Your seeds are the best and cheapest I ever bought.

—Mrs. F. Albert, Mayville, Wis.

I have found you prompt and seeds good.

—Mrs. N. F. Danford, Battle Creek, Mich.

Received good seed from you and had wonderful success, have tried other seed houses but find your best.

—James W. Williams, Milmay, N. J.

The Ailsa Craig is a wonderful onion. can't be beat.

—Mrs. Decker, Power, Mont.

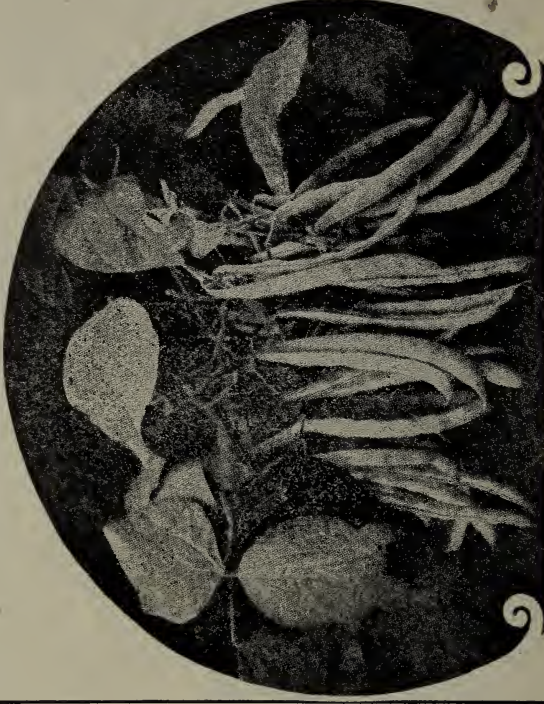

I have raised Sweet Peas from your seeds at an altitude of 6770 feet for several years, the largest and finest I ever saw.

—E. W. Harris, Reno. Nev.

A PAGE OF FREE SEEDS

As has been our custom for several years we annually give away many thousand packets of choice new varieties. This year we were fortunate in getting some very good things as listed below. All of them have been selected with great care and will be a fine lot for any garden.

For each 25c. worth of seeds ordered you may select one packet free. Not more than six packets to one customer. These free seeds must be selected from this page only.

WEBBER WAX BUSH BEANS

WEBBER WAX BUSH BEANS

A good addition to our list of wax or butter beans as it combines earliness, hardness, productiveness and quality. It is ready to use very early and produces its pods in great quantities. Pods flat, 5 to 6

GOLDEN NUGGET TOMATO

LITTLE GEM LETTUCE

claim them to be.
—Wm. S. Jobs, Barneveld, Wis.
Were well pleased with the seeds last year. Had the finest and most cucumbers of any one around. Seeds were all good.

—Mrs. Lillian Rising, Richville, N. Y.
Were perfectly satisfied with last year's seeds from you, among the things that were worthy of special mention were Fairfield Wonder Beans, they were surely good, also the Lord Leicester Peas.
—T. W. Vaughan, Jackson, Minn.

Had fine results from your seeds this far South, near the Ark. line. Can especially recommend your Golden Bantam Sweet Corn, Kentucky Wonder Wax Beans and last but not least, I can't say enough for your John Baer Tomato, it stands the wet and extreme dry, and produced all summer and fall when all others failed.
—M. R. Smith, Poplar Bluff, Mo.

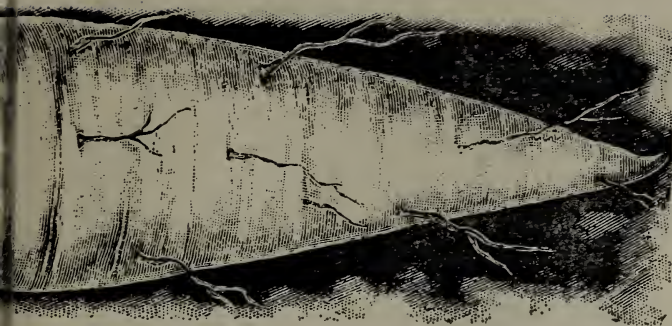

Have always liked your seeds and my asters were certainly grand.
—L. H. Schultz, Blairtown, Iowa.
Your seeds are the best I ever planted.
Have not had one failure.

—W. J. Graeber, Buffalo, N. Y.
Am very much pleased with the prompt way you fill your orders.
—Claude F. Knowlton, Watsontown, Pa.

I have planted your seeds for several years and shall always give them the highest praise.
—Mrs. Mary Rogers, Kennan, Wis.

Have raised your John Baer for 2 years and can say we never had anything like them, so early and even so late, they are the best ever.

—G. W. McKenn, Dodge Center, Minn.
We had an extra fine garden last year from planting your seeds, they are rightly named, "Quality Seeds."
—Mrs. E. O. Swayze, Gillett, Pa.

MAMMOTH WHALE SQUASH

A tomato that should be in every garden. Excellent for preserving whole or canning, may also be used like other tomatoes. The fruits are veritable "nuggets of gold" as they are bright yellow in color and produced in great numbers.

LITTLE GEM LETTUCE

A real "find" in the line of really good lettuce. This little gem grows to perfection in 6 inch space and always produces a fine head. It will head in all seasons and in serving you need not remove any leaves, because even the outer leaves are crisp and tender.

JUNG'S SUGAR PARSNIP

A choice new strain of our own growing; its commanding feature being its remarkably sweet flavor. It is not as long as some sorts and for this reason is easy to harvest. You will be well pleased with it.

MAMMOTH WHALE SQUASH

Very properly named as these squashes are "whales" in size. It is an extra large-fruited sort, quite distinct in form and appearance. Fruits frequently weigh hundred pounds, an excellent variety to grow or exhibition. Flesh is firm and solid, orange colored and of excellent quality.

ASTER—JUNG'S SCARLET GEM

The most striking Aster yet produced, being a brilliant red in color. Most effective for either beds or vases as their brilliant color makes them attractive anywhere they may be put. We know you will be more than pleased with it and want you to be sure and plant a packet.

JUNG'S SUGAR PARSNIP

GERANIUMS—FANCY HYBRIDS

Few people are aware that these beautiful flowers may be grown from seed. The seed we are offering was saved from choice select strains which produced large flowers and includes the finest colors. Will flower the first season. Full instructions on every packet. A pkt. free with an order of 50c. or more.

What Our Customers Say:

We are publishing a few of the many unsolicited testimonials which we received from our customers. It shows very plainly what people think of JUNG'S SEEDS and our only regret is that we have not room to publish them all.

I tried your seeds last year with that of two other firms and must say I was pleased, everything grew so nice. Am getting all my seed from you this year.
—Mrs. James B. Sivret, Randolph Center, Vt.

Glad to inform you that the seeds I had from you last were some of the best I ever used.

—Allan Noel, Grand Falls, Newfoundland.

Your Lord Leicester Peas are the best in the world, I have planted them for two years.

—Hattie Collier, Mariba, Ky.

The seeds are fine and am pleased with the nice large packets.

—H. N. Cassady, St. Lawrence, S. Dak.
Your seeds are the best and cheapest I ever bought.

—Mrs. F. Albert, Mayville, Wis.

I have found you prompt and seeds good.

—Mrs. N. F. Danford, Battle Creek, Mich.

Received good seed from you and had wonderful success, have tried other seed houses but find your best.

—James W. Williams, Milmay, N. J.

The Ailsa Craig is a wonderful onion, can't be beat.

—Mrs. Decker, Power, Mont.

I have raised Sweet Peas from your seeds at an altitude of 6770 feet for several years, the largest and finest I ever saw.

—E. W. Harris, Reno, Nev.

Have used your garden seeds for two years and find they are just what you claim them to be.

—Wm. S. Jobs, Barneveld, Wis.

Were well pleased with the seeds last year. Had the finest and most cucumbers of any one around. Seeds were all good.

—Mrs. Lillian Rising, Richville, N. Y.

Were perfectly satisfied with last year's seeds from you, among the things that were worthy of special mention were Fairfield Wonder Beans, they were surely good, also the Lord Leicester Peas.

—T. W. Vaugahan, Jackson, Minn.

Had fine results from your seeds this far South, near the Ark. line. Can especially recommend your Golden Bantam Sweet Corn, Kentucky Wonder Wax Beans and last but not least, I can't say enough for your John Baer Tomato, it stands the wet and extreme dry, and produced all summer and fall when all others failed.

—M. R. Smith, Poplar Bluff, Mo.

Have always liked your seeds and my asters were certainly grand.

—L. H. Schultz, Blairstown, Iowa.

Your seeds are the best I ever planted. Have not had one failure.

—W. J. Graeber, Buffalo, N. Y.

Am very much pleased with the prompt way you fill your orders.

—Claude F. Knowlton, Watsonstown, Pa.

I have planted your seeds for several years and shall always give them the highest praise.

—Mrs. Mary Rogers, Kennan, Wis.

Have raised your John Baer for 2 years and can say we never had anything like them, so early and even so late, they are the best ever.

—G. W. McKean, Dodge Center, Minn.

We had an extra fine garden last year from planting your seeds, they are rightly named, "Quality Seeds."

—Mrs. E. O. Swayze, Gillett, Pa.

A PAGE OF FREE SEEDS

As has been our custom for several years we annually give away many thousand packets of choice new varieties. This year we were fortunate in getting some very good things as listed below. All of them have been selected with great care and will be a fine lot for any garden.

For each 25c. worth of seeds ordered you may select one packet free. Not more than six packets to one customer. These free seeds must be selected from this page only.

WEBBER WAX BUSH BEANS

LITTLE GEM LETTUCE

MAMMOTH WHALE SQUASH

GOLDEN NUGGET TOMATO

JUNG'S SUGAR PARSNIP

WEBBER WAX BUSH BEANS

A good addition to our list of wax or butter beans as it combines earliness, hardiness, productiveness and quality. It is ready to use very early and produces its pods in great quantities. Pods flat, 5 to 6 inches long, stringless and tender.

GOLDEN NUGGET TOMATO

A tomato that should be in every garden. Excellent for preserving whole or canning, may also be used like other tomatoes. The fruits are veritable "nuggets of gold" as they are bright yellow in color and produced in great numbers.

LITTLE GEM LETTUCE

A real "find" in the line of really good lettuce. This little gem grows to perfection in 6 inch space and always produces a fine head. It will head in all seasons and in serving you need not remove any leaves, because even the outer leaves are crisp and tender.

JUNG'S SUGAR PARSNIP

A choice new strain of our own growing; its commanding feature being its remarkably sweet flavor. It is not as long as some sorts and for this reason is easy to harvest. You will be well pleased with it.

MAMMOTH WHALE SQUASH

Very properly named as these squashes are "whales" in size. It is an extra large-fruited sort, quite distinct in form and appearance. Fruits frequently weigh hundred pounds, an excellent variety to grow or exhibition. Flesh is firm and solid, orange colored and of excellent quality.

ASTER—JUNG'S SCARLET GEM

The most striking Aster yet produced, being a brilliant red in color. Most effective for either beds or vases as their brilliant color makes them attractive anywhere they may be put. We know you will be more than pleased with it and want you to be sure and plant a packet.

GERANIUMS—FANCY HYBRIDS

Few people are aware that these beautiful flowers may be grown from seed. The seed we are offering was saved from choice select strains which produced large flowers and includes the finest colors. Will flower the first season. Full instructions on ever packet. A pkt. free with an order of 50c. or more.

TOMATO—Golden Dwarf Champion

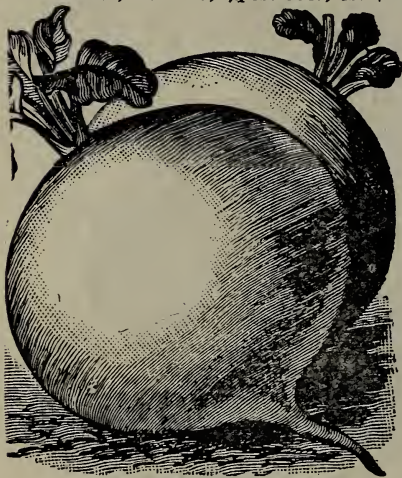

The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous, upright growth, with fruit well above the soil, its large fruit and fine color, and to the earliness with which it reaches maturity. Plants are bushy and compact, with heavy dark green, potato-like foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 5c.; oz. 35c.; $\frac{1}{4}$ lb. 80c.

RUTA BAGA—Improved Purple Top Yellow

A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the summer. Bulbs are large, smooth, round and solid, with a small tap root. Flesh richly colored, fine grained and very sweet. It is justly held in high esteem for both table and stock feeding purposes. The shape is well pictured in the illustration.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.25.

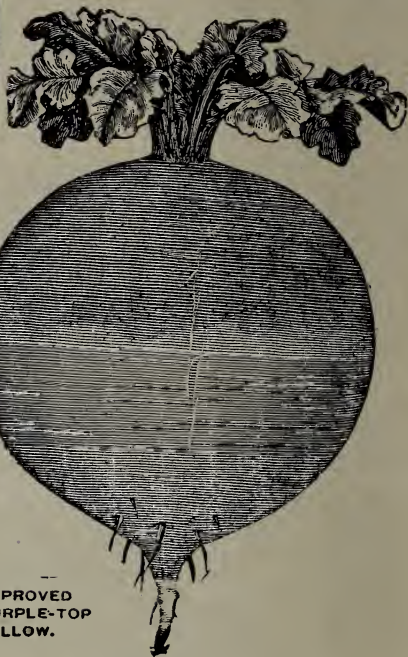

GOLDEN BALL.

TURNIP—Purple Top White Globe

This grows very nicely to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure six inches and more in diameter, being of perfectly globe form; the upper portion is of rich, purplish red and the lower half clear, creamy white. Flesh white, firm and crisp, of mild flavor. It is an excellent keeper and being so productive, is one of the best to grow for stock feeding. The plants being of such large, strong growth, should be thinned more severely than with small early sorts. This variety is extensively used for market growing.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.25, post-paid.

IMPROVED
PURPLE-TOP
YELLOW.

TURNIP—Golden Ball

Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use.

Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 30c.; lb. \$1.00.

PURPLE TOP WHITE GLOBE

Mammoth
Russian Sunflower.

Jung's Asters

Asters are our great specialty in the flower seed line and the degree of perfection to which we have brought the strains we are offering, is unsurpassed. We are the greatest growers of ASTER SEED in the NORTHWEST. No other flower can approach the Aster in beauty, color, form or profusion of bloom.

JUNG'S AMERICAN BEAUTY

The petals of this grand new Aster are almost a half-inch wide. It is almost identical in color to the popular American Beauty Rose hence the name. The plants are strong growers, from 35 to 40 inches tall, well supplied with heavy foliage and is a prolific bloomer. The immense fluffy flowers are borne on stems from 18 to 24 inches long. Specimen plants carried from 8 to 12 blossoms each measuring over four inches across. We offer same in rose and purple. Pkt. 10c.; 1 pkt. of each for 15c.

JUNG'S GIANT FANCY

Mammoth Russian SUNFLOWER

Single heads measure 12 to 22 inches in diameter and contain an immense quantity of seed, which is highly valued by all farmers and poultry breeders, who have tried it as an excellent and cheap food for fowls. They eat it greedily, fatten well on it and attain a bright, lustrous plumage and strong, healthy condition better than on almost any other food. It is the best egg producing food known. Every farmer should plant some of the seed in any waste piece of ground any time from early spring to the middle of July. Four quarts of seed will plant an acre. The seed is also recommended as an excellent food for horses.

Oz. 5c.; $\frac{1}{2}$ lb. 20c.; lb. 30c., postpaid.

JUNG'S AMERICAN BEAUTY

JUNG'S GIANT FANCY ASTERS

Without any exception the best mixture of beautiful large asters.

Only the very best varieties are used in making up this mixture. It contains the best and latest introductions, also new varieties originated at our Fairfield Farm and include the most rare and beautiful colors. The flowers are very double and do not show a yellow center; blossoms five inches in diameter. Borne on stems two feet long, are never produced. Pkt. 10c.; 3 pkts. 20c.

If you wish to purchase Wis. Pedigree Seed Corn, Oats, Barley, Clover and Timothy or High Yielding Seed Potatoes, write for our Farm Seed Catalog. Its free.

JUNG'S FAIRFIELD ASTER

We take pleasure in offering our customers this new Aster which is in a class by itself. The flowers are immense in size, single blossoms measure six inches across and being borne on long, stiff stems they rival Chrysanthemums for bouquets. A bed of these Asters look like snow-drift. The petals are very long and curled and twisted to a remarkable degree. The plants are strong and healthy, and it is not an unusual thing to find one with a dozen, long graceful stems, each crowned with flowers from four to six inches in diameter. Colors: White, Shell-pink, Rose, Purple and Mixed. Each 10c. per pkt. One pkt. of each for 25c.

JUNG'S FAIRFIELD ASTER

GIANT LATE BRANCHING

JUNG'S GIANT LATE BRANCHING ASTERS

After a number of years of careful selection we have brought this Aster to a state of perfection where it is unexcelled. Plants form strong, stocky bushes, about 2 ft. high, bearing on long stems their pretty flowers which measure from 4 to 5 inches across. The petals are gracefully curved toward the center and do not have an exposed yellow center. Plants are of strong, vigorous growth and yield a profusion of flowers from the middle of August to heavy frost. This variety is unexcelled for bedding or for bouquets.

White, Shell Pink, Rose Pink, Purple and Lavender. Each 10c. per pkt. Mixed colors 5c.

SPECIAL OFFER: One pkt. of each color for 25c.

JUNG'S QUALITY ASTER COLLECTION

We make this exceptional offer to convince you that JUNG'S ASTERS are in a class by themselves. We want every one of our customers to take advantage of this offer.

The following seven grand varieties will be sent to any address postpaid for only 35c.

Chrysanthemum Flowered—Giant Sea-Shell Pink, A Beauty
Jung's American Beauty—Giant Flowered Rose Pink
Lavender Asterum—Charming Soft Lavender
Giant Branching White—The Best Pure White
Giant Branching Purple—The Darkest Colored of all
Violet King—Soft Violet Lilac
Jung's Innocence—The Earliest of all, Pure White

From no other seedsmen can such a grand assortment of ASTERS be had for such a small price.

With each collection we send **FREE INSTRUCTIONS** on how to grow the large fancy flowers.

These packets are regular full sized and contain only the choicest of seed.

CARNATIONS

CARNATIONS—GIANT MARGUERITE

These lovely fragrant Carnations produce fine double flowers. The flowers of this wonderful strain often measure three inches across and have a variety of colors, including white, blush, deep pink, salmon, scarlet, maroon and many variegated flowers. Most of them have lovely fringed petals. Pkt. 10c.

COSMOS—Early Summer Flowering

Grace and brilliancy are the characteristics of this pretty annual. The beautiful flowers, with their deep, broad petals, rise from a cloud of fine feathery foliage. They are of compact, bushy growth, about four feet high, with flowers fully as large as the old variety. Flowers are of various shades, ranging from pure white to purplish crimson. Pkt. 5c.

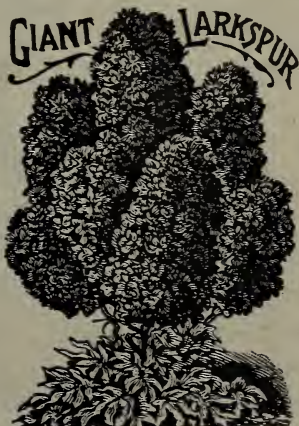

BALSAM—DEFIANCE MIXED

GIANT LARKSPUR

An improved type, producing large flowers, very double, of various colors, shades and markings, which are borne on long spikes like immense Hyacinths. Can be easily grown in the open ground.

All colors mixed. Pkt 5c.; 2pkts. 10c.

A Garden helps greatly in reducing store purchases.

CANDYTUFT

CANDYTUFT—Little Prince

This is a dainty and distinct Candytuft the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance, remaining in perfection longer than any other annual strain. Pkt 5c

The greatest bargains in
Asters is **JUNG'S QUALITY**
ASTER COLLECTION. Seven
full sized pkt for only 35
cents.

**FAIRFIELD FINEST
MIXED DIANTHUS**

These hardy annuals may be ranked among the fairest gems of our flowers, as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. The plants spread rapidly and make ornamental masses of growth. They may be sown in the open ground when danger from frost is over, and in a few weeks they are masses of blooms, continuing so until frost. Our mixture includes the best single and double sorts. Pkt. 5c

DIANTHUS—FAIRFIELD MIXED

MORNING GLORY—Imperial Japanese

The robust vines attain a height of from 15 to 20 feet. The foliage is luxuriant, distinct and varied, green, silvery and yellow leaves. Their charm lies in the entrancing beauty and large size of the flowers they measure from 3 to 4 inches across. The colors of the flowers, shadings and markings are limitless. Some flowers are of deep, rich velvety colors, others dainty tinted and shaded. There are reds from soft rose to crimson and garnet; daintiest blue to purple; snow white to silver gray. They are easy to grow and quick to come into bloom. Pkt. 5c

plant **JUNG'S
SEEDS**

Jung's Seeds have stood the test and given satisfaction

TALL OR CLIMBING GIANT FLOWERED NASTURIUMS

GIANT FLOWERED TALL NASTURTIIUMS

This mixture is absolutely unsurpassed. Nothing can excell the wealth, richness and variety of these Nasturtiums for trellis, bush or rock planting, nor surpass them in freedom and profusion of bloom. They throw out running shoots that can be trained upon strings or wires or can easily be made to climb ordinary fences or wire netting. On good soil they will grow eight feet high. Single flowers measure four inches across. Flowers are of various shades. Pkt. 5c; oz. 20c

BABY GOLDEN GLOW

A most charming annual, growing about 15 to 18 inches high, bearing scores of bright yellow flowers. Seeds should be started in doors; the plants will begin to bloom almost as soon as set in the open ground affording an almost unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion of bloom. Pkt. 5c

**CHRISTMAS KOCHIA**
CHRISTMAS KOCHIA

A great improvement on the old variety, as this new strain retains its beautiful color until late in the winter, while the old variety dried up in September.

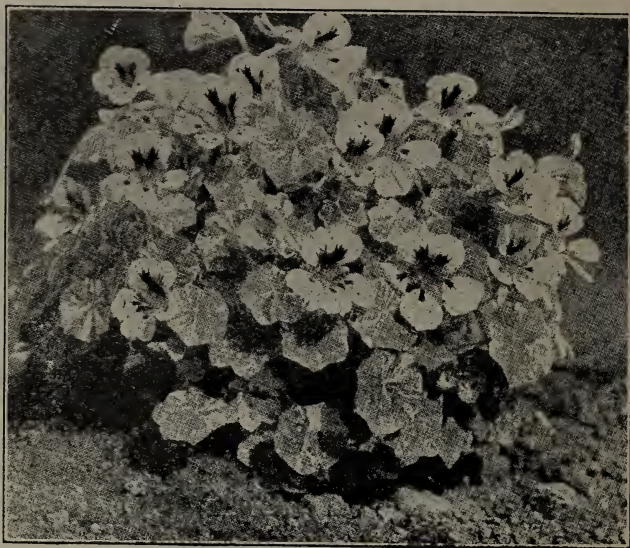

The bushes are a mass of dense live green in summer, while after frost it turns to rosy claret-red and is highly ornamental after all other plants and shrubs are dead and the effect of this color against the snow is certainly a beautiful sight. The plants grow 3 or 4 feet high, are very dense and symmetrical in shape from the very start. It is also very desirable as a pot plant, being especially fine for Christmas and New Year decorations. We are sure you will be more than pleased with this new ornamental plant, Pkt. 5c

**BABY GOLDEN GLOW**

**BRILLIANT
BEAUTIES
DWARF
NASTURTIUMS**

The plants are of strong vigorous growth erect habit and beautifully rounded form. The leaves on different plants range from light green to a rich purplish tint. They are of quick growth, begin to bloom early in the summer and continue to flower profusely until killed by frost. So greatly diversified are the colorings that it seems almost impossible to find two plants bearing flowers alike. The flowers are not only wonderfully brilliant, but also of large size. It makes an excellent variety for bedding.

Pkt. 5c.; oz. 20c.

BRILLIANT BEAUTY DWARF NASTURTIUM

NEW DWARF PHLOX, NANA COMPACTA

where and are in universal favor for summer growing flowering purposes. Bushes are dwarf and compact, six to eight inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red rose, with white eye and many other shades. They are quite hardy and are to be treated as annuals. Pkt. 10c.

**Nana Compacta Dwarf
Phlox**

This splendid race of dwarf annual Phloxes cannot be overpraised for brightness and beauty. The plants are, always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. They succeed every-

SALVIA—BONFIRE

**SALVIA—BONFIRE
A GREAT BEDDING PLANT**

One of the grandest varieties in cultivation. A bed of them will surpass the finest scarlet geraniums in brilliancy and continuous bloom. The plants are compact growers, attaining a height of about 30 inches and single plants often carry 200 spikes, measuring from 8 to 12 inches in length; flowers are a brilliant, dazzling scarlet, and from the time they first begin to flower the plants are never out of bloom until killed by frost. We know of nothing that will equal the gorgeous effect of a row or bed of these *Salvias* when in full bloom. Pkt. 10c.

PANSIES—JUNG'S GIANT MIXED

This "Fancy Mixture" contains seeds of the largest, richest and handsomest pansies known to the horticultural world.

The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long, stiff stems, well above the heavy, deep green foliage. The colors are rich and varied, such as white, cream, yellow, deep orange, mahogany, claret, rose, reddish bronze, lavender and light blue and each petal is distinctly blotched. The compact rounded plants are of sturdy habit and so deep rooted that they bear gigantic flowers profusely and continuously. The petals are of thick, heavy substance, large size and various shapes. Pkt. 15c.

DOUBLE FEATHERBALL POPPIES

PETUNIA LARGE FLOWERING MIXED

No annual flower is more widely used than the Petunia. It begins to bloom early and lasts the whole season until killed by the frost. Most of the flowers are exquisitely ruffled or fringed on the edges and are of enormous size, but their great merit lies in the tremendous variety of colors, markings, blotches and stripings, in the most grotesque and beautiful combination. Some colors are rich and gorgeous, others are of lovely delicate shades.

Pkt. 10c.

JUNG'S GIANT FANCY MIXED POPIES—Re-Selected Shirley

The most showy of all Poppies. A bed of them in your garden is a sight to behold. Flowers about 3 inches across, exceedingly graceful and elegant. The colors are pure, soft and varied, ranging from pure white, blush rose, delicate pink and carmine, to orange, scarlet and bright sparkling crimson occasionally blotched with white. Few flowers can show such an array of colors. Pkt. 5c.

POPIES—Double Featherball

These double fringed annual Poppies are very beautiful; they belong to the carnation-flowered type, having the same globe-shaped formation, with gracefully fringed petals like big balls of slashed tissue paper.

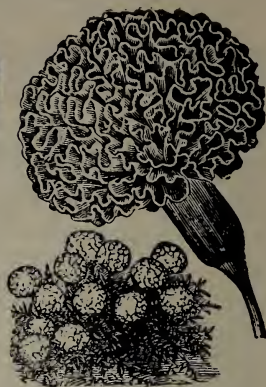

Plants are of branching, stocky growth, 15 to 18 inches high, each plant carrying several of these exquisite flowers. The great variety of coloring ranges from the most gorgeous shades down to shades of pure white. They are of the easiest culture. Mixed colors. Pkt. 5c.

LARGE FLOWERED MIXED PETUNIA

ZINNIAS

MARIGOLD

ZINNIAS—Fancy Double Mixed

A highly decorative plant, forming compact and bushy plants often 2 feet high. Flowers have a wide range of colors from cream white, yellow and deep orange, some petals beautifully marked with chocolate and crimson blotches. Invaluable for bedding or cutting purposes. ZINNIAS are sure to please all lovers of unusual and artistic flowers. Pkt. 5c.

MARIGOLD—Lemon Ball

This extremely showy annual has become a great favorite everywhere on account of its easy culture and most beautiful flowers. The hardy plants, of neat, branching habit, grow from 15 to 20 inches high and are exceedingly profuse in flowering. The extra large, round, double flowers are of a clear canary yellow Pkt. 5c.

VERBENA Fairfield Famous Mixed

A choice perennial, 6 to 12 inches high, indispensable for bedding purposes. The average trusses measure 9 to 12 inches in circumference and the individual florets on properly grown plants, measure over one inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. For garden beds and massing, these Verbenas are unrivaled; flowers of the most brilliant colors produced continually from spring until late in the fall, Pkt. 5c.

STOCKS—IMPROVED DWARF MIXED

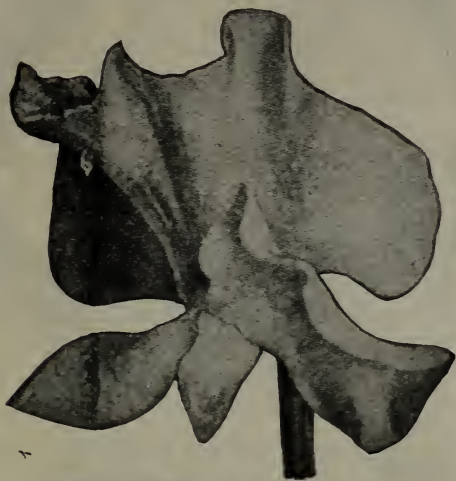

VERBENA—FAIRFIELD

STOCKS—Improved Dwarf Mixed.

The plants are of fine symmetrical habit and bushy, and carry immense spikes of double clove-scented flowers, ranging in color from rose white, blue, lilac, brown and yellow. Very fragrant and as cut flowers are unsurpassed Pkt. 5c.

GIANT SPENCER SWEET PEAS

These new Sweet Peas are of enormous size, which, together with their charming colors and waved and fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured $2\frac{1}{2}$ inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

MRS ROUTZHAN SPENCER

ASTA OHIN SPENCER

Mrs Routzhan Spencer

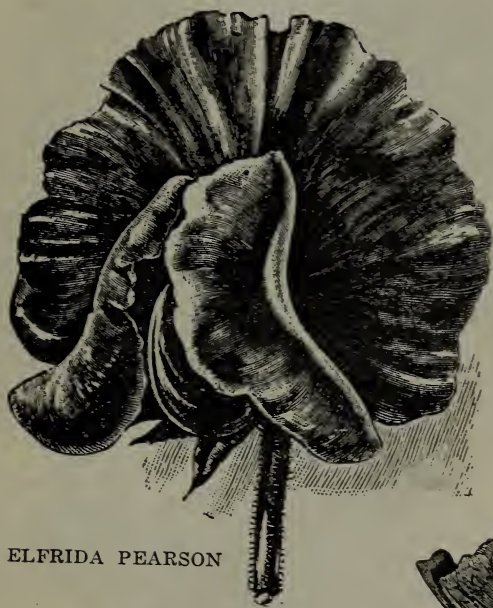

A beautiful blending of soft straw color, tinted with bluish pink and shading to apricot and rose at the edge. The vines are strong and thrifty and the stems are from 12 to 14 inches long and seldom produce less than three flowers, while many will bear four grand flowers to a spray. The flowers are of the largest size and are thoroughly crimped and waved.

Pkt. 10c; 3 pkts. for 20c.

Asta Ohin Spencer

The color throughout both standard and wings is a charming soft lavender.

The flowers are of large size pronouncedly waved and fluted in the standard with unusually large wings. Stems are long and sturdy. Invaluable for cut flowers. Pkt. 10c; 2 pkts. 15c

ELFRIDA PEARSON

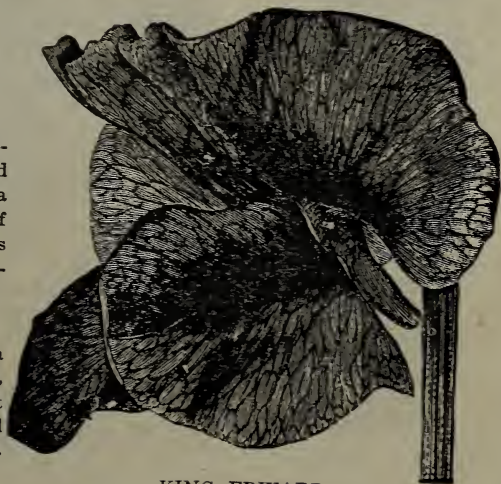

Elfrida Pearson.

The color is a lovely pink throughout, the buds and flowers being tinted with salmon-pink. Flowers are of extra large size and are borne on long stiff stems, generally four to a spray. Vines are strong growers and profuse bloomers. Pkt. 10c; 3 pkts. 20c.

King Edward.

The most brilliant scarlet Sweet Pea yet produced. The vines are strong, grow rank and high, and bear on stout stems three and four large well-placed blossoms. Flowers are of perfect form.

Pkt. 10c; 2 pkt. 15c

KING EDWARD

GIANT ORCHID FLOWERED MIXED

The new Spencer Sweet Peas are robust growers, producing flowers usually measuring two inches across, borne three and often four on long, strong stems, making them valuable as cut flowers for bouquets, vases or other decorations. The flowers are beautifully formed, the upright standards and immense wings of the finest waved and fluted form.

This mixture has been made with extraordinary care by us from the finest named, true, large flowering Spencer varieties introduced to date, and in such quantities as to produce a well balanced and finely proportioned color effect. All dull and undesirable colors have been omitted, making this mixture the best ever offered. No better can be had. Pkt. 10c.; .oz. 25c.; ¼lb. 50c.

KING WHITE SPENCER

KING WHITE

The grandest of all white Sweet Peas. Remarkable for its glistening pure whiteness and perfect finish of the flower. The grand flowers are almost invariably grown in fours on stout stems of great length. The plants are exceptionally vigorous in growth with distinctive rich foliage and wonderfully profuse in bloom for a long season. King White is the largest white Spencer yet introduced and will create a sensation wherever grown. Give this remarkable new introduction a place in your garden. Pkt. 10c.; 3 pkts. for 25c.

GIANT ORCHID FLOW- ERED MIXED SWEET PEAS

ate a sensation wherever grown. Give this remarkable new introduction a place in your garden. Pkt. 10c.; 3 pkts. for 25c.

SUNFLOWER—Chrysanthemum Flowered

Grows seven feet tall. Perfectly double. The color is the brightest golden yellow. The plants branch and afford fine, stout stems for cutting. The flowers are so perfect in form that they resemble Chrysanthemum flowered Asters with long stems. This is the very best variety. Pkt. 5c.

SPECIAL SWEET PEA OFFER

These new Giant or Spencer varieties are very much superior to the old varieties and we want all of our customers to try them and we therefore make this special offer:

—SIX FULL-SIZED PACKETS FOR 25c.—

Mrs. Routzahn Spencer—A beautiful cream pink

King White—The largest white pea of all.

Elfrida Pearson—A lovely pure pink.

Orchid Flowered Mixed—A superb mixture.
